R.A.F. PLANES MAKE OBSERVATION FLIGHTS OVER GERMAN CITIES

Britain Extending Trade With Soviet—Quickened Sea Activity Contrasts With Quiet on Western Front—No Relaxing of Blackout Restrictions—Propaganda Streamlined

LONDON, Oct. 25 (P).—For the second time since war began the Air Ministry disclosed today that Royal Air Force planes carried out scouting expeditions over great urban centres in Germany, including Berlin.

One of the centres reconnoitered was Magdeburg, site of a branch of the Krupp munition works. Another was the key port of Hamburg.

At the same time the country heard Britain plans to extend its trade with Soviet Russia, thus adding further conviction to reports that Moscow is planning to maintain its neutrality in the war and to carry on its trade as extensively as possible.

Richard Butler, Foreign Affairs Under-Secretary, told the House of Commons "the possibility of furthering the recent agreement for exchange of timber against rubber and tin, by further agreements suitable to war conditions, is now under examination."

NEGOTIATIONS OPENING
An authoritative source hinted that these negotiations might open tomorrow at the Board of Trade. The Soviet Ambassador, Ivan Maisky, called at the Foreign Office today at the request of the Foreign Secretary, Viscount Halifax, and a lengthy conference ensued.

Naval observers speculated on yesterday's sinkings of four merchant craft in the vicinity of Gibraltar, and some quarters suggested an entire convoy had been successfully attacked.

In these sinkings Britain lost 17,671 tons of ships in a single day, bringing her losses thus far to forty-five ships.

The full extent of the day's shipping losses was not passed for publication until today, when a cryptic Admiralty statement said, "Continued on Page 8, Column 6"

ATTACKS LIST OF CONTRABAND

Soviet Russia Considers British Action Contrary to International Law

MOSCOW, Oct. 25 (P).—Soviet Russia tonight informed Great Britain that she considered the British contraband list a violation of the principles of international law.

The Russian stand was set forth in a statement which Tass, Soviet news agency, said the Assistant Commissioner of Foreign Affairs, Vladimir Potemkin, handed to the British ambassador, Sir William Seeds, Great Britain's notification of her contraband lists, said.

TEXT OF NOTE
"The People's Commissariat of Foreign Affairs on instructions of the Government of the U.S.S.R., has the honor to state the following:

"The announcement by unilateral act of the British Government of a list of goods prohibited for export to Russia in the note of September 6 violates the principles of international law which found their general expression in the international declaration of regulations of naval warfare of February 26, 1908, gravely impairs the interests of neutral countries and destroys international trade.

UNLIMITED ARBITRARINESS
"By including in its lists of contraband such articles and goods as fuel, paper, cotton, fodder for agricultural animals, footwear, clothing and materials for their manufacture and even all foodstuffs—bread, meat, butter, sugar and other foodstuffs—the British Government in fact proclaims contraband basic articles of mass consumption and creates the possibility of unlimited arbitrariness in classing all articles of popular consumption as war contraband."

OBJECTION IS FANTASTIC
LONDON, Oct. 26 (P).—The Press Association quoted an unnamed authority on international law today as saying Soviet Russia's objection to the British contraband list is "fantastic."

"The old-time distinction of contraband as such articles as rifles and ammunition has gone by the board," he was quoted. "Any government can declare that anything of use to the enemy is contraband."

Military Mission in London

This photograph shows the Turkish military mission conferring with British officials in London on details of the treaty, which finally lined Turkey up in a fifteen-year mutual assistance pact with Great Britain and France.

Representatives From Dominions Meet in London

Cabinet Ministers Sent From Four Corners of Empire for Conferences on Various Aspects of the War—Will Work Out Details in Informal Discussions

LONDON, Oct. 25 (P).—From the four corners of the earth Cabinet Ministers representing different parts of the British Empire are converging on London for a series of conferences on military and economic aspects of the war.

Informal discussions will be held to work out details of a co-operative effort of the whole Empire in the common cause. They will start within a few days and last for a fortnight.

NO PLENARY MEETINGS
But the meeting in London of Dominion Ministers is not comparable to the sessions of the Imperial War Cabinet held in the latter part of the first Great War, or to the scope and degree of authority on an Imperial Conference. Dominion representatives and their economic and military advisers will hold no plenary meetings, but will consult among themselves and with individual members of the British Government. They will be shown as much as possible of the details and plans of Britain's war effort, however, so that upon their return home they can explain the situation to their Governments.

Leaders of the different delegations will be: Canada, Hon. T. A. Crerar, Minister of Mines and Resources; South Africa, Colonel Deneys Reitz, Minister of Defence; New Zealand, Peter Fraser, Minister of Education, Health and Marine; Australia, R. G. Casey, Treasurer; India, Sir Muhammad Ali Jinnah, Minister of Home Affairs.

By the result in the provincial elections today in Quebec, the people of that province have declared themselves emphatically in support of the attitude taken by the great majority of all parties in the House of Commons.

"That makes the verdict almost unanimous. Participation is no longer an issue. Now let us get on with the war. Let the Canadian Government now make a real effort to see that Canada is doing her bit in a manner worthy of her part."

PARCELS FOR PRISONERS
LONDON, Oct. 25 (P).—Sir Kingsley Wood, Secretary of State for Air, announced in the House of Commons today that individual parcels for Royal Air Force prisoners of war in Germany might be sent through the Red Cross. He said that the first consignment of such parcels was sent October 20.

The interred ships could not yet be loaded and Soviet authorities forbade them to leave port, the skipper said. Some of them already are running short of food.

The ship which arrived here today was permitted to leave Archangel only after a Swedish diplomatic protest in Moscow, backed by a Swedish refusal to allow a Russian ship of the same tonnage to leave a Swedish port.

Property Owners to Be Called Upon for Shortages in Funds

Union of B.C. Municipalities Offers Strenuous Objection to Any Plan to Penalize Owners Through Teachers' Pension Scheme

SCHOOL teachers' superannuation funds are in precarious shape, and plans may be presented to the Provincial Legislature for rehabilitation at the expense of taxpayers, Reeve J. B. Leyland, West Vancouver, informed delegates to the Union of British Columbia Municipalities convention here yesterday afternoon.

"It is a very serious situation. We were called on to rehabilitate the municipal employees' superannuation fund, and it would be a sad state of affairs if taxpayers were forced to dig into their pockets to preserve another fund. The union offers strenuous opposition to landowners being called upon for another cent in connection with superannuation," Reeve Leyland declared yesterday, amid applause.

War News In Brief

By The Canadian Press
MOSCOW—Russia claims that British contraband list violates international law; announces release of German prize crew interned after taking City of Flint to Murmansk.

LONDON—Empire ministers due for war conferences; Anthony Eden says that Britain bars "a patchwork peace"; Air Ministry discloses scouting flights over Berlin, Hamburg, Magdeburg.

PARIS—German force of 1,500,000 men reported massed on northern flank of Western Front, possibly for attack.

BERLIN—German military chiefs meet at Chancellery; newspaper close to Air Minister Marshal Goering says time has come for "train of bombs" on England.

ROME—Italy watching Russian Balkan moves closely; reported ready to resist penetration into Italian sphere.

INFORMATION CRITICIZED

Mr. Justice Sloan Thinks True Facts About Sooke Traps Withheld

NEW WESTMINSTER, Oct. 25 (P).—Inaccurate information, permitted during the Washington State anti-fish trap campaign, on the operation of traps at Sooke, B.C., was criticized by Mr. Justice Gordon Sloan when he resumed hearings of the British Columbia fish probe today.

Mr. Justice Sloan made his criticism after one of two Seattle witnesses had testified the Sooke traps played a part in the 1934 campaign which resulted in removal of all fish traps in Washington waters the next year.

NOT ENLIGHTENED
"From what you tell me," the judge said, after listening to John F. Elvich and Kenneth McLeod, "I take it the only reason the Sooke traps are a factor in Washington is because the public is not enlightened as to the true facts. Do you think it would be better to abolish the Sooke traps because the public know only the wrong facts, or to take the true facts? You are a powerful organization. You could give the true facts."

Elvich is secretary of the Purse Continued on Page 2, Column 5

OPPOSITION NOT ALL PREVENTED

Nearly 10 Per Cent in Districts Seized by Russia Oppose Government

MOSCOW, Oct. 25 (P).—Election results from Western Ukraine and Western White Russian districts, seized by Soviet Russia in partitioning Poland with Germany, showed today at least some opposition to Soviet rule.

New elections are to be held in eleven districts where Government-designated candidates failed to get the necessary majority for election to New People's Assemblies of the Soviet Union.

Indication of opposition was given by less than 10 per cent of the voters.

Since no substitute candidates were proposed, voters who wished to express opposition could do so only by scratching off the Government candidate's name.

Official returns from the Sunday election showed 4,433,997 of the 4,778,275 eligible electors voted in the Western Ukraine, and that 4,433,997 names were scratched out on 323,918 ballots.

In White Russia, 2,672,280 of 2,763,191 eligibles voted, with 247,245 scratches.

Says Warship Split in Two by R.A.F. Bomb

OSLO, Oct. 25 (P).—Havast. An eye-witness quoted by the newspaper Arbeider Bladet today claimed the German battleship Gneisenau was split in two by a direct hit from a British air bomb during the Royal Air Force raid on Wilhelmshaven on September 4, the second day of the war.

The 26,000-ton Gneisenau was launched in May, 1938. She was the second full-sized battleship to be laid down by Germany since the Great War.

INTERNED IN GERMANY
LONDON, Oct. 25 (P).—Richard Butler, Foreign Under-Secretary, told the House of Commons today that on October 3 there were 102 British civilians and some 300 British East Indians interned in Germany.

DUPLESSIS GOVERNMENT SWEEP FROM OFFICE BY LIBERAL SLIDE

Leads Quebec Liberal Party to Victory

ADELARD GODBOUT

Who led the Liberal Party to a decisive victory in Quebec yesterday, ending the three-year rule of Premier Duplessis and his Union Nationale Government.

Party Standing in Quebec Election

QUEBEC, Oct. 25 (P).—The Canadian Press final party standing in the Quebec election, as compared to the last election, follows: 1939 1938
Union Nationale 15 76
Liberal 68 14
Independent 1 --
National 1 --
Deferred 1 --
Total 86 90
Number of seats reduced by Redistribution Bill.

PATROLS BUSY TESTING LINES

Chief Activity Along Northern Flank of Western War Front

PARIS, Oct. 25 (P).—Reinforced German patrols were reported testing French main lines at the extreme northern tip of the Western Front tonight in a series of feeler attacks.

A French communiqué said a Nazi thrust against French positions near Arras had been repulsed. German and French patrols were active along the entire northern flank, from the Luxembourg border to the Rhine, where the French are guarding against a sudden German offensive.

MASSED DIVISIONS
French advances received by the High Command said the Germans had massed at least ninety divisions on this flank along a 100-mile front. This places approximately 1,500,000 men in the area.

The ninety divisions included troops actually in the Siegfried Line and those holding advance frontier positions. The troop concentrations were considered extraordinarily large unless the Germans are planning an attack.

One military observer said the German force could be lined up shoulder-to-shoulder three deep all along the 100-mile flank.

Italy and Greece To Start Talks

ATHENS, Oct. 25 (P).—Italy and Greece have agreed to start negotiations in the near future on a pact of friendship and non-aggression. It was reported authoritatively tonight the pact would replace the present treaty of friendship and arbitration which expires this year.

Says Warship Split in Two by R.A.F. Bomb

OSLO, Oct. 25 (P).—Havast. An eye-witness quoted by the newspaper Arbeider Bladet today claimed the German battleship Gneisenau was split in two by a direct hit from a British air bomb during the Royal Air Force raid on Wilhelmshaven on September 4, the second day of the war.

Liberals Win Sixty-Eight of Eighty-Five Seats at Stake—Union Nationale Party Has Membership in Quebec Legislature Cut From Seventy-Six to Fifteen

Result Hailed as Proof of Canada's War Effort Unity

QUEBEC, Oct. 25 (P).—Quebec ousted its Union Nationale Government today and turned to the Liberal party to administer provincial affairs. Hon. Adélard Godbout, scientific farmer from the St. Lawrence River's south shore, will take over the Premiership lost by Hon. Maurice Duplessis.

The turnover was of landslide proportions, approaching in sweep the vote of 1936 which ended at two months Mr. Godbout's first term as Premier and placed Mr. Duplessis in power. Three years ago Union Nationale won seventy-six of ninety seats.

SAFE ABOARD SEIZED SHIP

U.S. Crew Still on City of Flint—Germans Released From Internment

WASHINGTON, Oct. 25 (P).—Ambassador Laurence L. Steinhardt reported to the State Department tonight that the Foreign Office at Moscow had assured him the American officers and crew of the City of Flint were safe aboard the vessel at Murmansk.

The State Department made public Steinhardt's report that the crew was safe immediately upon its receipt there and indicated further details were expected within a short time.

The status of the crew had been the principal concern of authorities since the City of Flint was seized by a German raider.

PRIZE CREW RELEASED
The remainder of Steinhardt's bare report that the American crew was safe, however, dealt with information that the German prize crew had been released from internment and gave no further details on the Americans.

The ambassador quoted a Tass (Soviet news agency) dispatch from Murmansk as reporting that the City of Flint is remaining at Murmansk, pending definite establishment on the nature of her cargo. He added that Tass said the vessel had put into Murmansk because her machinery had been damaged.

Steinhardt reported that as soon as he had read this dispatch he had telephoned an official of the Foreign Office and had been informed that it was that official's understanding that the German prize crew had been released from internment, but were not being put back on board the City of Flint.

Amendments Disposed of In Jig Time

WASHINGTON, Oct. 25 (P).—Big Senate majorities bowled over one neutrality bill amendment after another today, disclosing a firm disposition on the part of the Roosevelt administration to stick to the bill as it now is and submit to the House in that form.

The day's proceedings brought the Senate close to a vote on the one big issue of the long debate—repeal of the present United States embargo on arms shipments to belligerent nations.

Last Friday at Toronto seventy-five ministers of the church met and expressed public disapproval of "this or any other war." The manifesto declared all nations "share in the responsibility which makes war necessary."

The statement tonight said in part, "the attention of the sub-executive has been drawn to a publication in The United Church Observer, entitled 'A Witness Against the War,' signed by some seventy-five of our ministers."

THREE SEEKING CRANBROOK SEAT
Provincial Electors to Choose Successor to F. M. MacPherson At Polls Today

CRANBROOK, B.C., Oct. 25 (P).—Electors of Cranbrook provincial constituency will choose among three candidates tomorrow to fill the seat in the Legislature, made vacant by the retirement of F. M. MacPherson, who resigned recently to become a member of the Dominion Transport Board.

The candidates are: Arnold McGrath, Liberal; Thomas O'Connor, co-operative Commonwealth Federation; and A. B. Smith, Independent. The Conservative party is not contesting the seat in line with its decision to co-operate with the Government in all war effort.

In 1927 Mr. MacPherson retained Cranbrook for the Liberals by a majority of 2,187 over Sam Shears, C.C.F., in a two-party contest.

REGRET ACTION OF MINISTERS

Sub-Executive of United Church Take Clergymen To Task

TORONTO, Oct. 25 (P).—The sub-executive of the United Church of Canada, following a special meeting today to consider a manifesto in which seventy-five ministers of the church opposed the present war, issued a statement declaring "our regret at the action of the signatories in making their manifesto public."

"The signatories of this manifesto, however sincere, have gone far beyond the limits of what is wise and proper in time of war," said the statement, issued through Rev. Dr. Gordon A. Sisco, of Toronto, secretary of the sub-executive of the general council of the church.

UNFAIRLY LOYALTY
"The sub-executive would take this opportunity of proclaiming afresh the entire and unfailing loyalty of the United Church of Canada to His Majesty the King, and its steady purpose to support him in the present dire struggle in every way which is open and proper to the church," the statement continued.

Last Friday at Toronto seventy-five ministers of the church met and expressed public disapproval of "this or any other war." The manifesto declared all nations "share in the responsibility which makes war necessary."

The statement tonight said in part, "the attention of the sub-executive has been drawn to a publication in The United Church Observer, entitled 'A Witness Against the War,' signed by some seventy-five of our ministers."

University of B.C. Confers Degrees on Two Prominent Men

Hon. Eric W. Hamber and Prof. P. A. Boving Honored—More Than Hundred Students Receive Degrees and Diplomas at Congregation

VANCOUVER, Oct. 25 (C)—Honorary doctor of laws degrees were conferred on Hon. Eric W. Hamber, Lieutenant-Governor of British Columbia, and Professor Paul A. Boving today at the annual Fall congregation of the University of British Columbia.

Professor Boving, who joined the U.B.C. staff in 1915, was appointed professor emeritus after his retirement last year.

Chancellor R. E. McKechnie presided at the ceremonies and more than 100 students were granted degrees and diplomas.

Chancellor McKechnie paid tribute to the Lieutenant-Governor and said as he presented the degree: "His Honor is no stranger to this university, for the counsels of its governors have profited much from his enlightened interest and wide experience; and these same benefits have been bestowed, with equally gracious generosity, on all worthy phases of our community life."

HOLDS MANITOBA DEGREE
It was the first time the Lieutenant-Governor had been so honored. He is a holder of a bachelor of arts degree from the University of Manitoba.

In his address to the congregation, the Lieutenant-Governor said: "I am filled with the utmost respect and deep appreciation of the honor you have conferred upon me. Not only in receiving this degree from the hands of our beloved chancellor, but also from a university of which we are so justly proud."

He stressed the need for national scholarships and said there were "highly technical opportunities for expansion of effort, industrially, chemically, agriculturally, and in other spheres which could well utilize the energies of young men who at present were denied the opportunity of developing their gifts."

SUPPLY LEADERSHIP
"I have seen it stated that fewer than 1 per cent of the people of Canada are college graduates," His Honor continued. "Yet from these ranks 50 per cent of our leaders come."

"If these figures are correct and a university education demonstrates such advantages, to the relatively small number able to pursue it, then we must have latent assets in many of our intellectual youth not functioning, through want of proper facilities and lack of funds."

"It is not a responsibility of a university to see that its facilities are not overburdened to the detriment or exclusion of deserving students."

"Over 2,300 years ago, Aristotle wrote: 'All who meditated on the art of governing mankind have been convinced that the fate of empire depends on the education of youth—and that holds good today.'"

DUPLESSIS SWEEP FROM PREMIERSHIP

Continued from Page 1
Hon. Antonio Elie, minister without portfolio; Hon. J. S. Bourque, Minister of Public Works and Mines; and Hon. Albion Paquette, Minister of Health and Provincial Secretary, Mr. Bourque's fight in Sherbrooke with Maurice Giguere was so close that at first his defeat had been announced and Giguere's followers had started victory parades.

TWO NOT CANDIDATES
The other two members of the Duplessis Cabinet, Hon. Martin Fisher, Provincial Treasurer, and Hon. Thomas Chapais, minister without portfolio, were not candidates. Mr. Chapais has long been a member of the Legislative Council—Provincial Upper House, and Mr. Fisher was appointed to that body shortly before the election.

Among prominent Liberals elected were T. D. Bouchard, party House leader for the last three years, following Mr. Godbout's defeat in 1936; L. Athanas David, Provincial Secretary in Liberal Cabinets since 1919 to 1936, who came out of retirement to win Terrebonne, Oscar Drouin, once a Cabinet minister in the Duplessis Government, but running today as a Liberal in his home constituency of Quebec East; F. J. Leduc, also a former Duplessis minister who broke with his leader; and F. L. Connors, once a Liberal minister.

Mr. Connors defeated Mr. Coonan in Montreal St. Ann. Mr. Godbout himself won L'Islet from Mr. Bilodeau.

FAIL AT RE-ELECTION
Both W. R. Bullock and Gilbert Layton, former Union Nationale supporters who broke with the Government over its war-participation stand, lost out today. Mr. Bullock in Montreal Notre Dame de Grace as a Conservative, and Mr. Layton in Westmount-St. George as an Independent.

The election marked the return to the Legislature of a colorful figure in Camillien Houde, Mayor of Montreal and former provincial Conservative leader, who won as an Independent in Montreal St. Mary over four opponents. Mr. Houde was the only candidate of other than the main parties elected on the basis of early returns.

In Quebec, Rt. Hon. Ernest Lapointe, Federal Minister of Justice, issued a statement tonight congratulating Mr. Godbout and the Province, and declaring "I will remain at my post." Hon. P. J. A. Cardin, Minister of Public Works, saw the result as disclosing "a firm determination" on the part of Que-

bec to co-operate with the rest of Canada.

HAS NO STATEMENT

These two, with Hon. C. G. Power, Postmaster-General, entered the campaign after Mr. Duplessis called the election on the issue of provincial autonomy. Mr. Duplessis had no statement to make tonight.

From all early appearances it was one of the quietest elections in Quebec's history, despite strenuousness of the month-long campaign that followed Premier Maurice Duplessis' dissolution of the Legislature on the ground that Federal war measures threatened the province's autonomy.

At Montreal, sixteen men were assigned before Judge J. C. Langlois to various impersonation counts in connection with the election. The charges ranged from refusing to give ages when under oath, attempting to vote for dead electors and giving incorrect addresses. In most cases, bonds of \$100 were set.

At all the accused, who denied the charges, were remanded for trial or preliminary hearing on November 2.

RECORD VOTE

Fine weather, cool and clear, contributed to bring out a voting turnout expected to surpass the record of 96.72 per cent set in 1936, when a Union Nationale landslide brought in Premier Duplessis and turned out of office the Liberal party, which had guided Quebec's affairs for almost forty years.

Three talking points highlighted the campaign that swung the province's premier: French-Canadian male population; people of British stock make up about 15.05 per cent of its residents—toward the polls today. They were:

Provincial autonomy; finances; war participation.

All were interwoven in hundreds of speeches in the past month. The Union Nationale attitude drew into the campaign three Quebec ministers in Prime Minister Mackenzie King's Federal Government. Rt. Hon. Ernest Lapointe, Minister of Justice and since the death of Sir Wilfrid Laurier this province's chief spokesman at Ottawa, termed Duplessis' action in calling an election "an act of national sabotage," promoting Canadian disunity.

With Mr. Lapointe, Hon. P. J. A. Cardin, Works Minister, and Hon. C. G. Power, Postmaster-General, entered the provincial battle. Mr. Lapointe declaring that they would stake their seats in the Federal House on the Union Nationale Government's defeat.

OPPOSE CONSCRIPTION

As to war participation, all three parties opposed conscription.

Mr. Duplessis contended, however, that a vote for the Liberals is a vote for eventual conscription; that two years ago the Federal Liberals stood out against extra-territorial participation in any war, but changed their stand when Canada entered the conflict.

Mr. Lapointe said in the House of Commons, during the tense session leading up to Canada's declaration of war, the Liberal ministers would resign in event of conscription. Prime Minister Mackenzie King himself has said that his Government will never introduce it.

No party came out for entire divorce from the war. Premier Duplessis said publicly that Canada is at war that law of the land is that Quebec will obey them. But he contended that war expenditures were being made at expense of unemployment relief.

Gouin spoke against "unlimited participation," but did not define the limits he would impose, beyond stating that an L.N. Government would take Quebec out of Confederation in event of conscription.

SHOWS CANADA UNITED

OTTAWA, Oct. 25 (C)—Following is text of a statement by Prime Minister Mackenzie King, tonight, concerning the result of the Quebec election:

"It is impossible to exaggerate the significance of today's Liberal victory in the Province of Quebec. No more significant political battle has been fought in Canada's history. The results of the polls have shown above all else that the people of Quebec are as one with their fellow-Canadians of the other provinces in their determination that a united Canada shall co-operate at the side of Britain and France in the war to defend freedom and to resist aggression."

THANKS ELECTORS

QUEBEC, Oct. 24 (C)—Premier-elect Adolphe Godbout thanked Quebec electors tonight for the "unequivocal testimony of confidence" which restored to the Liberal party the reins of government it held for nearly forty years before the Union Nationale landslide of 1936.

Mr. Godbout, Premier when the Union Nationale unseated the Liberals, spoke in English and French over a provincial network of the Canadian Broadcasting Corporation.

He said that the outcome of today's election constituted "not only a vote of confidence in the Provincial Liberal party, but also an appreciation of the stand taken by the Liberal leaders in the war to defend freedom and to resist aggression."

MUCH TO BE DONE

"The administration of this province will require much work, and I am fully aware of the responsibility which has fallen upon me," he said. "Particularly in the financial field much has to be done to place this province as good standing as we want to do."

"In this respect, we seek the co-operation of all and everyone, and

BACKACHE OFTEN WARNING

Backache may be the first sign of kidney trouble. When your back aches, look to your kidneys. Don't fail to heed this warning—it is too important. Take prompt action to correct Backache, or its cause. At the first sign of Backache turn confidently to Dodd's Kidney Pills—for over half a century the favorite remedy for kidney ailments. 107

DECLARES HITLER BEGAN CONFLICT

Austrian Trades Union Movement Says Workers Will Oppose Present German Regime

LONDON, Oct. 25 (C)—Reports of Austrian and Czech-Slovakian opposition to the war were contained in declarations published today by the Trades Union Congress.

A statement by the Foreign Bureau of Austrian Free Trades Union said that Austrian workers would sabotage the conduct of the war in whatever way possible. The Industrial News also published a report of widespread anti-war activity by Czechs and Slovaks in their conquered land.

CONDEMNNS FUEHRER

The Austrian Trades Union statement condemned Adolf Hitler starting the war, and said: "The workers of Austria will do everything in their power to bring down the present regime in Germany. In order that peace again be established in Europe on a really durable basis, the workers of Austria are firmly determined to sabotage this war right from the outset."

The paper said that Peter Zenkl, former Lord Mayor of Prague, is one of the many Czechs now interned in a concentration camp. Concentration camps at Llava and Lurea are filled to overflowing, the paper quoted Czech sources as saying.

WAR EFFORT SHOWS UNITY

Continued from Page 1

world into war, but, on the contrary, "this war has been thrust upon us."

"Even so, we are not fighting against any one, nor for any given frontier, but in support of a principle... the Nazi leaders are loud in their declarations that this war was thrust upon them. The evidence is against them."

"Documents have been published from which the world can judge. But in truth there is more striking testimony than even the best authenticated documents can provide. In Warsaw, as in Prague and in scores of other cities, German troops stand as invaders today. Each one of them is there in defiance of the German people's pledged word. Each is a living token of the German Government's broken faith."

THE COMMON CAUSE

"Our cause," continued Mr. Eden, "is in truth that of all nations who wish to live on friendly and decent terms with their neighbors, who wish to see firmly established once more the rule of law and order, and of law which can give confidence and security for the future."

But it was not to be thought that the war would end in the iron heel of the vanquished, he said. "This time we must not only win the war, but the war must be won in such a way that the victors may prove the more difficult task... It will be our task then to give practical expression to the innermost feelings of men and women in all lands where servitude has not survived, nor freedom been trodden under foot. Those feelings are for closer European unity and a wider world understanding for international order that shall be respected."

INFORMATION CRITICIZED

Continued from Page 1

Seine Vessel Owners' Association, and McLeod is secretary of the Salmon Conservation League of Washington.

"ALL OVER CANADA"

Evich said proponents of the fish traps had tried to spread the impression "traps were all over Canada. To refute this argument we explained that the traps were a Crown grant, and that Parliament had no control over them. We understood that was the situation."

"The traps are licensed by the Dominion Government."

The commission brought out that, although the Booke traps catch on the average only about 2 per cent of the Puget Sound run of salmon, no effort had been made by the organizations of which Evich and McLeod are officials, to correct statements that the catch was much higher.

AUXILIARY PIONEER CORPS IS FORMED

LONDON, Oct. 25 (C)—Formation of an auxiliary pioneer corps of men between thirty-five and forty was announced today by the War Office.

Intended to permit older men to volunteer for important service, the new corps will handle army supplies at docks, bases and depots, maintain roads, railways and other lines of communications, and in case of need, build new roads and light railways.

SNOW AT MOOSE JAW

MOOSE JAW, Sask., Oct. 25 (C)—A blanket of snow six to seven inches deep spread over Southern Saskatchewan today. It was the first Fall moisture received here.

Create Ministry For Industries

HALIFAX, Oct. 25 (C)—Creation of a Ministry of Industry for Nova Scotia, aimed at expansion of present industries or establishment of new ones, was announced tonight by Premier Angus L. Macdonald.

The Premier disclosed that George E. Hagen, Liberal member of the Legislature for Halifax West since 1933, had been sworn in during the day as the new minister.

FEWER ALIENS ARE INTERNED

Not as Many as in Last Great War, House of Lords Informed

LONDON, Oct. 25 (C)—The House of Lords has been told by Viscount Cobham, Under-Secretary for War, that far fewer enemy aliens would be interned for the duration of the war than was the case in 1914-18.

Speaking for the Government last night, he told the House that the figure he had been given, on the number likely to be interned, was between 1,000 and 1,500, compared with 28,000 in the last war.

Lord Cobham replied to a question by Lord Strathclyde, Labor, who said that "a number of people of undoubted hostility to the present regime in Germany and in sympathy with Britain have been interned."

PERHAPS TOO CAREFUL

He suggested that "perhaps the Home Office erred in being a little too careful."

Special tribunals created by the Home Office have been reviewing the cases of enemy aliens to determine whether they should be allowed to remain at large in England. The Manchester Guardian said editorially that though the tribunals work in private "most of what one hears suggested they are doing their work humanely."

A decline in the German-born population. The Guardian said, probably explained the comparatively small number in internments.

BALLOON USED TO DROP PAMPHLETS

But German Propaganda Machine Lands in Switzerland Instead of France

BERNE, Switzerland, Oct. 25 (C)—Swiss military authorities unveiled today at a new German invention—"robot pamphleteer."

They exhibited a balloon, ten feet in diameter and equipped with a large clock operating a mechanism designed to drop propaganda pamphlets at hourly intervals. Apparently destined for France, the balloon was driven over the Swiss border by adverse winds and found by farmers in a field near Lake Constance.

For some reason, the Swiss said, the mechanism failed to release the packages of pamphlets, still attached to the balloon. The pamphlets contained copies of Adolf Hitler's October 6 Reichstag speech—printed in French.

FOOD NEEDS INDEFINITE

Extent of Necessary Adjustment Awaits Estimates Of British Board

OTTAWA, Oct. 25 (C)—Agricultural officials here are finding it difficult yet to estimate how extensive an adjustment will be imposed upon Canada's production of foodstuffs by wartime needs of this country and its Allies.

An attempt will be made to avoid any marked disruption of the agricultural industry, so that Canada's domestic needs will be met, normally and the end of the war will not create a crisis for Canadian agriculture, but production will be adjusted to meet the requirements of Britain and France as far as possible.

Until the Food Control Authority of the United Kingdom has a suggestion to estimate more specifically its food import requirements for the next year or two, however, Canadian authorities will be unable to give Canadian farmers detailed advice as to the prospective wartime markets overseas.

It is expected this situation will be considerably clarified shortly by consultations by Resources Minister Cresser and Canadian officials with the various British authorities.

BACON AND CHEESE

A considerably increased demand is assured for such concentrated foodstuffs as bacon and cheese. Great Britain is not likely to import any quantity of butter from Canada, as this is being obtained still from the Scandinavian countries in fair quantities. Considerable stores of vegetable oils, used in making margarine, are understood to be held in Britain, too.

The British poultry market, which has been steadily increasing its takings of Canadian poultry in recent years, has been closed to Canada under the British import licensing regulations, presumably because more concentrated foods are desired, mainly because of lack of shipping space. On the other hand, a small new market for Canadian onions is looked for in Britain. Dutch onions not being shipped across the English Channel as usual because of shipping hazards.

In the Great War, it was about the second year that the food picture became clearer.

SUPPLIES IN RESERVE

This time, Britain is believed to have accumulated considerable stocks of many staple foods. Anticipating greater shipping difficulties later on, too, Britain has been doing more than a usual amount of food buying from distant parts right now, suggesting that the nearer Canadian supplies will be left as a reserve for more inconvenient times. Frozen beef is being taken from the Argentine, but some increased demand for Canadian beef is also expected. The wheat situation is far from clear at present, but substantial Allied demand is looked for as the war proceeds.

Wool production in Canada will undoubtedly increase for domestic consumption, even though Canada will not fill all its own needs in this regard. Flax seed production will be stepped up three or four times next year, to meet the needs of Northern Ireland, which is no longer able to obtain its usual supplies from Russia.

Meanwhile, the agricultural supplies committee here is completing a survey of potential production in Canada and studying the experiences of the last war, pending receipt of indications of wartime British requirements.

Municipal Leaders Elect Officers at End of Convention

Union of B.C. Municipalities Names Mayor O. L. Jones, Kelowna, Head of Organization—Mayor A. McGavin Becomes Member of Executive

MAYOR O. L. Jones, Kelowna, was elected president of the Union of British Columbia Municipalities towards the close of the three-day annual convention in the City Hall council chamber yesterday. Reeve J. B. Leyland, West Vancouver, the retiring president, was made a life member of the union.

Others elected by ballot were Alderman George C. Miller, Vancouver, first vice-president; Mayor Fred J. Hume, New Westminster, second vice-president; Alderman John Bennett, Vancouver; Reeve R. M. Grauer, Richmond; Reeve A. Hope, Langley; Mayor T. A. Love, Grand Forks; Reeve R. C. MacDonald, Coquitlam; Mayor Andrew McGavin, Victoria; Reeve G. N. Ryder, Chilliwack; Mayor C. E. Scanlan, Kamloops and Commissioner Chairman Colonel E. Mallandaine, Creston.

Members of the executive, who were unanimously reappointed to office were Richard R. F. Sewell, secretary-treasurer, and Harry J. Sullivan, K.C., solicitor and parliamentary agent.

TO ATTEND PARLEY

It was decided to send a delegate to the British Columbia School Trustees' Association convention at Vancouver on November 13.

By ballot, delegates decided to hold the next annual convention at Revelstoke in September, 1940. Resolutions thanking the press, Mayor Hume and New Westminster Council for the annual banquet, Mayor Jones and the resolutions committee, Reeve Leyland and past officers, ballot scrutineers, Mayor Andrew McGavin and the City Council for their hospitality, and officials of the Dominion Astrophysical Observatory for courtesies shown on Tuesday night were passed by the convention.

Union delegates were urged to attend the British Columbia Aviation Council annual meeting in the Council Chamber at 10 o'clock this morning. It was pointed out that delegates represented municipalities possessing vast areas where training fields could be established.

In a brief address to the convention, E. H. Bridgman, deputy minister of municipalities, recalled that municipalities were advised in 1910 to issue long-term debentures, but later on were urged by those who loaned money to issue debentures payable on option of bondholders.

Army Commander on Western Front

Commander-in-Chief of the French Forces, General Marie-Gustav Gamelin Is Shown in This Picture Entering His Headquarters. The Picture Was the First Taken of General Gamelin at the Western Front Since the War Began.

He hoped to see the day when municipalities could be able to adopt a "pay-as-you-go" principle, and wanted to know how far the union considered a municipal council should have control of its sinking funds.

He thought the life of a bond should be no longer than the life of the work created by that bond. In conclusion, he stated there was a definite gentlemen's agreement in existence which assured the union ample notice of any proposed changes in the Municipal Act before they went to the Provincial Government for action.

A long debate was held on the report of a committee under Mayor Jones investigating municipal insurance. The mayor felt that such a system should be adopted to create a saving to taxpayers in the amount necessary to cover municipal property. After the question was discussed by Mayor James Greig, Duncan, and Commissioner George Vance, North Vancouver, the committee was urged to circulate its

findings and report to the next annual convention of the union.

Following a report of E. F. Blandy, Oak Bay, on a committee to deal with school finances, the convention agreed to urge that the Provincial Government take over the entire costs of education, and suggested that "such cost be provided for by means of income tax or sales tax as in force in Saskatchewan, to the end that land might be relieved of its present excessive taxation."

EXPRESS OPINIONS

Those who spoke at length in favor of the motion included Mr. Blandy, Mayor V. B. Harrison, Nanaimo; Reeve R. C. MacDonald, Coquitlam; Reeve W. C. Hamilton, Port Alberni; and Alderman S. H. Ockell, Victoria.

Hon. A. Wells Gray, Minister of Lands and Municipalities, congratulated the convention on the efficient manner in which it handled municipal business, and complimented mayors, reeves, aldermen, councillors and officials on the way they carried on despite the stress of war. "Nobody knows what the future holds, but the Department of Municipal Affairs will do all within its power to co-operate. The biggest problem of each municipality is to support the British Empire in its great struggle. I was in hopes that had not war arrived, the Government would have been able to give more assistance to municipalities. The burden of those who go overseas must be carried. Municipal revenue is bound to be reduced, and economies will have to be instituted," the minister stated.

PRIME MINISTER WILL BROADCAST

RT. Hon. Mackenzie King to Speak to Nation Friday on Canada's War Aims

OTTAWA, Oct. 25 (CP).—Prime Minister Mackenzie King will speak from Ottawa over the national network of the Canadian Broadcasting Corporation, Friday night from 8:30 to 9 o'clock (P.S.T.) on "Canada's War Aims." It was learned officially at the Prime Minister's office here today.

This speech will be followed "very shortly" by another broadcast by Mr. King, entitled "Canada's War Efforts." The date and time for this speech has not been fixed yet.

These speeches probably will be the first of a series by Cabinet ministers.

It is understood the Prime Minister planned to make radio addresses earlier on these topics, but deferred them because he did not want to appear to be entering the Quebec election campaign.

Obituary

YOUNG — The private funeral services for Dr. Henry Esson Young will be held at the house this afternoon, Rev. Canon Robert Connell officiating. A brief service will be held later by the St. Andrew's Lodge No. 49 at the Crematorium at Royal Oak.

DAVIS — Funeral services for Francis Stewart Davis, 3436 Saanich Road, will be held this afternoon at 3 o'clock in the parlors of the S. J. Curry & Son Funeral Home. Rev. Arthur Bieschinger will officiate, and interment will take place in the Royal Oak Burial Park.

SPRINKS — Rev. F. V. Variables will conduct funeral services today at 2 p.m. at Sands' Mortuary for Mrs. Margaret Hannah Sprinks. Interment will be in the family plot in Royal Oak Burial Park.

MACKEITH — Funeral services for David Mackeith will be held at Sands' Mortuary tomorrow at 2 p.m. Rev. E. M. Cook and Rev. G. A. Reynolds will officiate, and interment will be in the Royal Oak Burial Park.

STEWARTSON — Funeral services for Thomas Taylor Stewartson will be conducted today at 3:15 p.m. at Sands' Mortuary by Rev. N. E. Smith. Interment will be in the Royal Oak Burial Park.

ROYAL CITY IS BANQUET HOST

New Westminster Entertains Municipal Delegates at Empress Hotel

Bringing the three-day convention of the Union of British Columbia Municipalities to a close, the City of New Westminster, as represented by Mayor F. J. Hume and members of the council, played host to municipal delegates and their ladies at a banquet held last night in the ballroom of the Empress Hotel.

Leading the toast list by pledging the Province of British Columbia, in which, he said, "we have trust, confidence and faith," Mayor O. L. Jones, of Kelowna, newly-elected president of the union, praised the services rendered to municipalities by the provincial authorities. "We may differ politically or religiously," he declared, "but we have one common factor in our love for our province."

TOURIST BUSINESS

In response, Hon. A. Wells Gray, Minister of Lands and Municipal Affairs, reviewed the work done by the Government through relief camps, in creating parks and beauty spots throughout the province. On Vancouver Island he remarked that "the whole future of this Island is to come here because of its climate and beauty spots." Of the work done during the past three years, he stated that in the future "the province will reap from tourists much more than has been expended on relief work provided by the Government."

The toast to the Union of British Columbia Municipalities was proposed by E. H. Bridgman, deputy minister of municipal affairs, who said that no government was insensible to the wishes of the people. If the convention keeps away from personalities and party politics, and presents its views fairly, this union is one of the most desirable factors in the government of the province," he stated.

INTERESTS OF TAXPAYERS

"This union stands for the interests of the taxpayers in the municipalities," declared Reeve Leyland in reply. He promised there would be full co-operation between the union and the Government.

"Our hosts" was the toast offered by Alderman George C. Miller, of Vancouver, who explained that the convention had originally been arranged for Harrison Hot Springs, with New Westminster as hosts. "Their insistence in entertaining the delegates at this banquet," he said, "shows the marvelous sportsmanship for which New Westminster is famous." Mayor Hume introduced

members of his council and civic officials.

PRaises VICTORIA

Reeve R. M. Grauer, of Richmond, in toasting the city, "We feel that Victoria is an outstanding place to hold a convention, and your city councils have built it up to be the outstanding city in the province," was his final tribute.

Mayor Andrew McGavin thanked New Westminster for the banquet. He said that the trip to Victoria would be advantageous to the delegates, in that they could contact Ministers of the Crown personally on municipal business, adding jocularly, "and collect your cheques for road improvement—if you can get them."

On behalf of the City Council he expressed pleasure at the delegates' visit. "I hope you have enjoyed your stay here, and that you will come again," he concluded.

Mr. Gray presented Reeve Leyland, retiring president of the union, with a certificate of life membership in the association.

POPE PIUS TO STATE POLICY

First Encyclical May Be Published at End of Present Week

VATICAN CITY, Oct. 25 (AP).—The first encyclical of Pope Pius XII was expected in Vatican circles yesterday to follow closely his return from his summer palace at Castel Gandolfo next Friday.

Publication of the encyclical on Saturday, on the eve of the feast of Christ the King, was held likely. Vatican officials declined to forecast contents of the Papal message.

The document has been revised twice because of the international situation, and authoritative sources expressed belief it would be devoted largely to world affairs.

Another important event, the Pope's appointment of new cardinals in the first consistory of his reign, was reported imminent.

EARLY CONSISTORY

Vatican officials said the consistory almost was certain to take place in December.

"Havas News Agency reported today that, according to an authoritative Vatican source, one of the most important chapters of the Papal encyclical will deal with neopaganism in the Nazi Reich and anti-religious persecution in the Soviet Union."

"Havas said the official Latin text of the encyclical will be delivered to the Vatican printing office just a few hours before it is made available for publication, to prevent possible leakages."

"The news agency quoted a qualified source as saying the document

REPRESENTATIVES MEET IN LONDON

Continued from Page 1
Zafarullah Khan, Minister of Commerce and Labor.

MARSHALLING FORCES

A survey of the Empire will show how it is marshalling its forces for the fight against Germany.

Canada—One division is in training as an expeditionary force for service in France and another is to follow.

Australia—A militia of 80,000 has been mobilized and a special force of 20,000 is being raised for service either at home or abroad.

New Zealand—A special force of 6,500 is being trained for service at home or abroad and further detachments of the same size will follow.

PLANS FOR AIR

South Africa—The defence of all British territory in Africa has been assumed by the Union of South Africa, which is organizing special forces for the task.

But it is in the air that the biggest plans are being laid. Australia, New Zealand, Great Britain and Canada are entering a co-operative scheme to use Canada as a common training ground for thousands of pilots, observers and air gunners. Details of this scheme are being worked out at Ottawa by govern-

FORT ST.

mental missions from Great Britain, Australia and New Zealand.

South Africa hasn't entered the scheme, but its air force, which will be used solely for defence, is being augmented and trained at home.

Another aspect of this scheme is the use of the Dominions, particularly Canada, for greatly increased production of bombers and fighters, as well as munitions of all sorts.

REASONS FOR SELECTIONS

There are at least three reasons why Canada was selected as the Empire's training depot. The first is the safety of the North American continent. The second is her vast spare and ideal weather conditions. The third is psychological—for the reason that the Germans will see an unlimited stream of men and machines crossing the Atlantic to fight against them, a stream which they will be impelled to stop no matter how much they may bomb the British Isles.

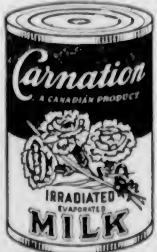

The air training scheme already has been described in England as likely to result in Germany showing that "what's the use?" spirit they exhibited when hundreds of thousands of United States troops and materials of all sorts began to appear in France in 1918.

If the show fits, put it on your charge account.

Bringing up Baby

A safer, happier, easier task in these days of modern knowledge. For instance, Irradiated Carnation Milk for bottle-fed babies—now so widely prescribed by baby specialists everywhere. They've found that babies

digest Carnation much more easily. Carnation never changes, is absolutely sterile, is the most convenient milk to use. And babies need the extra "sunshine" vitamin D in Irradiated Carnation Milk.

Carnation is just whole milk with part of the natural water taken out, sterilized so it keeps on the pantry shelf indefinitely; homogenized to give every drop equal creamy smoothness; irradiated for extra "sunshine" vitamin D. And, too, Carnation is economical in price.

Carnation does wonders for cooked dishes calling for milk or cream—saves on cream bills for cereals, coffee and fruit. Write for these Carnation books: "The Contented Baby" is free. The big, colorful Carnation Cook Book is 15¢ (postpaid). Carnation Company, Limited, Abbotsford Street, Vancouver.

RADIO — Listen to the "Contented Baby" every Monday night. See your local newspaper for stations and times.

Dr. McLean has just arrived from the Nootka Mission Hospital on a trip combining holiday and business. Several matters are to be discussed at the meeting, including the development and enlargement of the

"My Back is Killing Me"

It is said that more people suffer from backache than from any other pain or ache. When the back aches the cause is usually traced to poisons in the blood as the result of defective kidney action. Relief can be obtained by the use of Dr. Chase's Kidney-Liver Pills because they help to arouse the activity of the kidneys in their work of filtering poisons from the blood.

The combined action of Dr. Chase's Kidney-Liver Pills on the liver, kidneys and bowels is a feature which makes this medicine so unique and entirely different from other kidney medicines. It is well to keep this in mind when selecting treatment for naturally this feature accounts for the long success of this medicine.

Dr. Chase's Kidney Pills

hospital during the past year, the development of the spiritual work, and future plans for coming winter and spring activity.

Dr. McLean and family began operations on the west coast of Vancouver Island in 1937, with a staff of two nurses and one assistant. Their housing was composed of two small buildings in a virgin track of forest land fronting on Hecate Channel. Since that time, the hospital has grown to a large unit of ten beds, besides chapel, schoolhouse, laundry, and living quarters. Alongside, several large concerns have built a hotel and logging camp to add to the community of Esplanza.

WHY WE FEAST ON NUTS ON HALLOWEEN

Halloween, the Christian carry-over of the ancient pagan Autumn festival, stems from the craving to the Druid seasonal holiday of the Roman harvest celebration in honor of Pomona.

Pomona was the goddess of fruits, trees and seeds. And to huge bonfires, which effectually banished witches and imps, the superstitious Romans brought nuts—apples too—in token of their winter, store—and roasted and baked to their hearts and stomach's content.

To such an extent did this custom take hold in medieval England, that in some places Halloween became known as Nutcrack Night! The ancient symbolism is gone and we take no heed of the supernatural; but we go in, in a big way, for the nut and fruit end of Halloween and other holidays.

Cartagena's Fortress— Tropic Pooches Pant And Puff, Pursuing— En Route for Rio

By Spy

I'll bet pigs' nuckles to Tibetan "salt money" that there is no finer monument to fourteenth century construction in the world than the fortress at Cartagena. It is as sound and solid today as when stubby cannons boomed from its towers while men sprawled limp and bloody on its ramparts. Not a loose stone in all its massive show of masonry, and I doubt if there's one flake missing from its original dowry of cement and mortar.

Walls, thirty feet thick, and in some places nearly a hundred feet high, guard an area of about ten acres, and each wall houses a labyrinth of tunnels, torture chambers, dungeons, arsenals and secret chambers. I spent about two hours crawling through black passages and narrow offsets, and no end of groping around with grey Spanish ghosts and cold, clammy skeletons until I was nearly blind with dust. At once chambers. All those tunnels sloped at a thirty-degree angle, and their smooth walls were continually broken by niches for sentinels, and grim alcoves, cut to the shape of a standing human body, in which were hooks and saws set to fit heads, knees, and elbows of whatever prisoners were ripe and ready for the odd tweaking.

Some of those tunnels must have been over a thousand feet long. Nearly all widened, half way down, into a sort of flagged platform with a conference room on one side and a powder magazine or storehouse on the other. Thence down they wormed—dark, dank, gloomy—too hot, musty, dungeons, in which dangled enough rusted hooks, rings, screws and chains with which to twist the limbs and heads off every pirate that ever sailed the Main.

Beyond those dungeons, the tunnels still bored dark and deep, until finally a small square light, through an iron grill, threw shadowy rectangles on the floor. That was the emergency exit that opened at the base of the fort, facing the jungle—the last chance to wriggle free from the bad, bold bellowing bloodsucker.

The top of the fortress gives a leveled patio about for a hundred feet square, where stands a tiny chapel, a hospital, officers' mess and barracks, and a well—all heavily shadowed by towers, turrets and high ramparts, grooved for the stunted, rust-pocked cannons that still point their brave old muzzles across the harbor—still game, doubtless, to puff thunder and defiance in the face of possible marauders.

For a while, straddling one of those ancient cannons, I smoked in a sort of medieval reverie, while ghostly sentries paced to and fro and priests padded in and out of the tiny chapel. A soldier was drawing up a bucket from the well, and I was just about to ask him for a drink when a deep note welled up from the harbor. The Sonu was whistling to her brood. Twentieth century steam did not mix well with a fourteenth century bucket of water, so I turned from my soldier to the direction of the Sonu, and was then somewhat startled by the amount of steam that was escaping from various parts of her anatomy. Evidently she was anxious to get away. I had become so used to the Sonu's habit of tying up for weeks on end that the idea of a boat ever starting on the time chalked on the little blackboard by the gangplank never entered my head—so now, when the Sonu began tooting I practically slid from the ramparts into the middle of Cartagena's shopping centre, and then ran full speed for the "mailing three-quarters of a mile to the dock.

Only maniacs sprint in the tropics, so nearly the entire population of Cartagena either gaped or chuckled as my hoofs clattered over the cobblestones. To add to my fast-adding dignity, half a dozen indigent tropical dogs took up the scent and trailed me right down to the docks to arrive eventually at the foot of the gangplank, sweating and wheezing, with those patch-backed mongrels, panting and leering up at the officers and captain and nearly all the ship's company, rail-tolling, or nose-poking, through small square windows and brassy portholes.

The fourth class "locusts" swarmed to the rails in a cloud of dark gibbering glee, and at every

peephole some French face grinned politely. Nevertheless they grinned and those quaint dogs were grinning too. A dog's grin is the most disarming and unaffected grin on earth, so even when that mangy, equatorial pack began chasing me up the gangplank I could only appreciate their sense of humor, and wished I knew how to bark well enough to tell them so.

I made a few feeble efforts to shoot them away, but those dogs knew perfectly well that I was only bluffing, and consequently they whoofed louder and grinned wider. Eventually the "Allez! . . . Allez, allez!" of a scandalized steward sent them scudding back to their respective back alleys and lampposts, which, in a way, was fortunate, because I could never have done so. They had come down to see me off, and obviously I was their host.

Wished I knew how to bark well enough to tell them so.

(To Be Continued)

Company Shows Faith in Future

MONTREAL, Oct. 25.—The Pepsi-Cola Company of Canada, Limited, in announcing the appointment of Norris-Patterson, Limited, as its advertising agency for Canada, indicates that a considerably increased coast-to-coast newspaper advertising campaign is in course of preparation.

Donald S. Hawkes, general manager of the Pepsi-Cola Company, in an interview, said: "This company has great faith in the future of Canada, and believes that generous newspaper advertising will be well repaid. Our product has had a hearty reception, and we are sure that with the better trade conditions which can be confidently anticipated, our product will continue to grow in public favor."

FIRES PLANNED FOR CHILDREN

Victoria Committee Makes
Final Arrangements for Six
Hallowe'en Bonfires

The Hallowe'en bonfire committee, headed by Alderman S. H. Okell, chairman of the city parks committee, and composed of representatives of the Parent-Teacher associations, Kinsmen Club and the city parks committee, met on Tuesday night in the City Hall to make final arrangements for the six bonfires to be staged at various points in Greater Victoria on Hallowe'en.

Following are the sites of the bonfires, with the names of the organizations in charge: Oswego and Niagara Streets, James Bay Parent-Teacher Association; Garbally Road, west of Douglas Street, Burnside and Quadra School Parent-Teacher Association; Victoria West School, programme in school auditorium and fire in field behind school, Victoria West Parent-Teacher Association; Central Park, near Queen Avenue and Quivers Street, Kinsmen Club; School, Oaklands Parent-Teacher Association; St. Charles and Brooke Streets, Sir James Douglas and Margaret Jenkins Parent-Teacher Association. All fires will be lighted at 7 p.m.

ENTERTAINMENT PLANNED

The Y.M.C.A. troupe of entertainers will visit the first three mentioned fires at 7:30, 8 and 8:30 o'clock, respectively, and the Provincial Recreational Girls' gymnastic squad will entertain at the others at 7:30, 8 and 8:30 o'clock.

Programmes will be conducted at all fires and prizes will be awarded for masquerade costumes and various other contests. Assistance in supervision will be provided by the city police department, fire department, parks department, St. John Ambulance Association and the Rover Sea Scouts.

These bonfires are sponsored to entertain children and to curb vandalism on Hallowe'en. Firecrackers are forbidden at the fires, and the public is warned to avoid the use of highly inflammable masquerade costumes for children. Candy, peanuts and apples will be distributed, and donations will be appreciated.

Name (PLEASE PRINT LETTERS PLAINLY)

Address

any day a FISH day

SALMON (or other fish) CRUSTY

4 cups (2 lbs.) of canned salmon or any other cooked fish
1/2 cup medium white sauce, cold 1 tsp. chopped onion
1/2 tsp. chopped parsley 1/2 tsp. salt Dash pepper
Your own biscuit recipe—using any quick biscuit flour—(about 2 cups)
2 pounds of peas (or 1 two pound can) creamed

Flake salmon (or cooked fish), reserving 1/2 cup of fish to white sauce, with seasonings. Roll biscuit dough in long strip, about 6" wide 1/2" thick. Distribute fish mixture down centre of strip, then fold one side over to meet the other and pinch edges together. Gather up fish filled roll and hit onto greased baking sheet, then form into large circle, pressing ends together. Cut 6 slits in top of biscuit ring and insert 1 piece of fish in each for decoration. Brush surface with melted butter and bake in hot oven (450 deg. F.) 25 minutes. Loosen from tin immediately, slide on serving plate. Fill centre with hot creamed peas. Serve with sweet pickles—serves 6.

CORN HURT, LADY! FREEZONE RELIEVES PAINS OR DOUBLE YOUR MONEY BACK.

YOU'LL BE SURPRISED

PAIN RELIEVED, CORN LIFTS OFF
OR DOUBLE YOUR MONEY BACK

FREEZONE is a liquid that relieves pain fast and loosens corns so that in a few days you can lift it right off with your fingers—or—just return bottle you bought to the nearest address on package, and we will gladly send you a check for twice what you paid. This offer is possible because millions of folks have proved that FREEZONE is one of the easiest and quickest ways known to relieve pain and remove hard and soft corns. Get a bottle from any druggist and try it. Remember: Results satisfy you or DOUBLE YOUR MONEY BACK.

ARRANGING FOR MEDICAL NEEDS
Plans for Essential Supplies For Hospitals Under Way
OTTAWA, Oct. 25 (CP).—Plans have been made to provide essential supplies for Canadian Government hospitals for at least a year under war-time conditions, Hon. Ian MacKenzie, Minister of Pensions and National Health, announced today. He said the department has protected its probable hospital requirements of food, drugs and dressings by the purchase of twelve months' supplies in addition to that normally required.

SAVING FOREST IS PATRIOTISM
Prime Minister Mackenzie King Stresses Need to Conserve Wealth
MONTREAL, Oct. 25 (CP).—Saving of forest resources becomes, in time of war, "a form of patriotism which no nation or people can afford to neglect," Prime Minister Mackenzie King said today in a statement made through the Canadian Forestry Association.

"The forestry wealth of Canada ranks among the most valuable of all our natural resources," Mr. Mackenzie King said. "The effective conservation of this forest wealth has long been a matter of public policy. Now more than ever before, it should equally be a matter of popular pride."
"The preservation of a war, the duration and demands of which at the moment cannot be foreseen, creates a special responsibility for all our citizens. It is obviously desirable that our forest wealth—timber, pulp, paper and all their by-products—be utilized to the greatest advantage."
"The safeguarding of forest resources, adequate to the country's needs, is the service towards which all can contribute. In time of peace, it is a service which ministers to popular enjoyment of God's out-of-doors. In time of war, it becomes a form of patriotism which no nation or people can afford to neglect."

A CLEAR DUTY
"Clearly, it is our duty to see that our forest slopes are not rashly denuded, or carelessly destroyed by fire, and that depleted areas are replanted."

"The safeguarding of forest resources, adequate to the country's needs, is the service towards which all can contribute. In time of peace, it is a service which ministers to popular enjoyment of God's out-of-doors. In time of war, it becomes a form of patriotism which no nation or people can afford to neglect."

SAYS MINISTRY WILL FUNCTION
Lord Camrose Believes British Information Bureau Is Now Better Organized
LONDON, Oct. 25 (CP).—Lord Camrose, publisher of The Daily Telegraph, who was appointed chief assistant to Lord MacMillan, Minister of Information, September 18, told the House of Lords today "I have managed to organize myself out of a job."

"I have arranged with Lord MacMillan that I should no longer occupy an official position in the ministry itself," he said during debate on the ministry.

Lord Camrose explained he had joined to help "with press matters which now have been removed" and said that if Lord MacMillan is given a fair chance, he has no doubt he will make the ministry function properly.

He added that there would be a reduction of more than 30 per cent. of the ministry officials, which would mean "a very large saving in money."

Criticism of the ministry may have been misdirected, Lord Camrose concluded. He said the ministry was "not together by the Home Office," at the instance of and under the control of Sir Samuel Hoare.

HAS NOTHING TO SAY
THREE RIVERS, Que., Oct. 25 (CP).—Premier Maurice Duplessis declined to comment tonight on the result of the Quebec general election which swept his Union Nationale into defeat and returned the Liberals to power after three years as the Opposition.

The Premier, who received election returns at the Court House, said he had no statement to make to the press. Mr. Duplessis was re-elected personally in his Three Rivers constituency.

SOUTH AFRICA STANDS READY

Minister Declares Union Determined to Defend All British Territory

LONDON, Oct. 25 (CP).—Hon. Densie Reitz, South African Minister of Native Affairs, declared today that the Union is determined to defend all British territory in Africa.

In an address broadcast to the Union would be held "against all odds," adding that South Africa would assist other African countries under the British flag.

Canadians would be better able to understand South Africa's internal problems than other parts of the Empire, he said, addressing Canada particularly, "for in your country, too, you are solving your racial and language questions on a basis of equality and justice to both sections."

Colonel Reitz arrived in England last week to participate in talks with Dominion ministers, including Hon. R. A. Crocker, Canadian Minister of Agriculture, and the British Government on matters of common interest arising out of the war.

AWARE OF RESULTS
"In the first place, I can give you the assurance that we in South Africa are fully aware that should the Germans succeed we shall be the first to go under," he declared.

"We hold an enormous strategic position as halfway house between two worlds and we produce more than three-quarters of the world's gold supply, so we are under no illusion as to what would have happened to us had we been without the mutual friendship and protection of the friends of the British Commonwealth."

Colonel Reitz said he, himself, served for three years against the British Empire and went into exile rather than live under the British flag.

ENJOYING LIBERTY
"But Great Britain, after defeating us in war, treated us with a generosity unknown in history and conferred on us an ever greater measure of liberty than we had enjoyed under our own former republics," Colonel Reitz said.

"It is true that when war broke out last month there was some initial difference of opinion, and many of our Afrikaans-speaking people were in favor of remaining neutral. But that position is rapidly improving, for they are beginning to appreciate the fact that a neutral South Africa would have been a South Africa south of friends and markets and shipping, a South Africa isolated and at the mercy of Germany."

PROPERTY OWNERS TAXED FOR FUNDS
Continued from Page 1

which such places were situated. Reeve Alex Lockie, Esquimalt, gave a detailed explanation of the motion.

A report of Alderman George C. Miller, Vancouver, on the municipal superannuation fund, showed that employees were forced to take a large cut in their pensions because the fund became practically defunct. He told how the Provincial Government provided money with interest to rehabilitate the scheme, which he believed was in condition to meet future requirements.

Kamloops successfully fostered a resolution suggesting that when a truck owner paid a license for a merchant, the license for each truck or delivery conveyance might be reduced to \$1 for every six months.

A plan of the Association of Kootenay Municipalities to provide a reserve fund in connection with the purchase of municipal trucks and machinery was shelved by the convention.

Major Lyle Telford, M.P.P., successfully moved a resolution that power be sought to suspend municipal sinking fund payments next year.

RESOLUTION DEFEATED
A survey resolution urging that the gasoline tax collected in municipalities be turned back to the councils for road work was defeated.

The convention approved a Revolving fund resolution to bring penalties for arrears of payment for water in line with powers already existing in respect to electric rates.

A resolution from the executive urging amendment of the Tuberculosis Institutions Act to provide that municipalities concerned should pay costs of transportation of inmates to tuberculosis institutions, but not transfer from one institution to another, was approved.

Also approved was another resolution from the executive, providing that when an indigent was discharged from a tuberculosis institution, and the municipality concerned made no provision for care of such indigent within fourteen days, the charge for such patient should be increased from 80 cents per diem to \$1.25.

Two resolutions from Matsqui were approved. One would amend the Abbotsford School District Act to permit municipalities to refuse extraordinary estimates. The other would amend the same act, calling for detailed estimates of sums required in addition to provincial grant under the Public Schools Act, and giving municipalities concerned the same rights with regard to extraordinary expenses as are conferred on municipal councils under the latter act.

TRAIL MOTIONS
The convention passed two trail resolutions dealing with sinking funds, providing that premiums on

EXTRADITION IS REFUSED

Former Tennessee Convict Begins Life Anew Under Own Name

SAN FRANCISCO, Oct. 25 (AP).—A Tennessee convict, who escaped seven years ago from a prison camp which he described as "worse than the Georgia chain gang system," began a new life today under his own name of Carl Holt, by special permission of Governor Culbert L. Olson.

The governor refused to extradite him to Tennessee after his attorney, George T. Davis, pleaded that he had rehabilitated himself under the name of E. H. Harris, and had "gone straight" ever since he fled from the camp on December 22, 1932. Many new-found friends in the show business vouched for his character.

When Superior Judge Thomas M. Foley ordered his release yesterday on a habeas corpus writ, Holt talked freely to newsmen of floggings, overwork and abuses he charged existed at the Brushy Mountain camp at Petros, Tenn., when he was serving time there for possession of a stolen automobile.

CHARGES DENIED
From Nashville, Tenn., came prompt denial of the cruelty charges. Lewis S. Pope, commissioner of institutions at the time Holt was a prisoner at Petros, termed "ridiculous" the story that prisoners were flogged unless they mined at least ten tons of soft coal per day. He said that they averaged about two tons.

But Holt declared that every night at 6 o'clock, a bell summoned convicts short in their coal to the whipping room, where they were given ten lashes on bare backs for each ton they were short.

He said that the floggings were administered by Warden Jack Nelson, aided by two negro trustees, with a fourteen-inch whip.

MOTOR ACCIDENTS TAKE TOLL IN B.C.
VANCOUVER, Oct. 25 (CP).—Fourteen persons were killed in motor vehicle accidents in British Columbia last month, it was reported today by the British Columbia Police.

In 410 accidents, 234 persons were injured, and property damaged exceeded \$52,890.

SAYS INQUIRY NOT COMPLETE
Churchill Discusses Loss of Royal Oak in House—Answers Question

LONDON, Oct. 25 (CP).—Whatever truth there was in the statements of Lieutenant-Commander Guenther Prien, of the German U-boat which sank the battleship Royal Oak, was derived from information given to the House of Commons, Winston Churchill, First Lord of the Admiralty, told a laughing House today.

Sir Charles Cawsey, Conservative, asked Mr. Churchill's reactions to the statement by Prien that his submarine had remained forty-eight hours in the vicinity of Scapa Flow before entering the base to sink the Royal Oak.

PICKETERS STOP STRIKEBREAKERS
ESTEVAN, Sask., Oct. 25 (CP).—Three truck loads of workers attempting to break the strike in this Saskatchewan Saskatchewan lignite coal field were prevented from entering mine property by 100 picketers today. There was no violence.

About 500 United Mine Workers of America have been out on strike since October 16, demanding union recognition and a minimum wage.

Today's attempt to break the picket line was decided upon at a meeting of the Canadian Federation of Labor, rival union, last night, following serving of an injunction prohibiting U.M.W.A. members from picketing mine property and molesting those desiring to return work.

The U.M.W.A. will file application immediately for an injunction nullifying the court order against picketing the property of the Western Dominion Mines.

Early Election Is Predicted in New Brunswick
SAINT JOHN, N.B., Oct. 25 (CP).—The Saint John Telegraph-Journal will say in its news columns tomorrow that it has been learned on good authority that a New Brunswick provincial election will be held on November 20.

According to the paper, official announcement of the elections will be made during the day.

The present Liberal Administration was elected in June, 1935, with forty-three seats, the other five going to the Conservatives.

STOCKHOLM, Oct. 25 (AP).—The Swedish Parliament today approved an appropriation of 30,000,000 crowns (about \$9,000,000) for the purchase of 102 military planes of various types.

Norway yesterday doubled her order for American high-speed fighting planes, raising it to twenty-four.

OTTAWA, Oct. 25 (CP).—Canadian wheat in storage for the week ended October 20 totaled 336,563,884 bushels, compared with 319,973,052 in the previous week, and 174,673,977 for the corresponding week last year, the Dominion Bureau of Statistics reported today.

EXTRADITION IS REFUSED

Former Tennessee Convict Begins Life Anew Under Own Name

City & District

Firecrackers on Street—A young man was fined \$2.50 in the city police court yesterday morning for lighting firecrackers on a downtown street. Police officers testified that the crackers created a disturbance.

Frost Recorded Here—The lowest temperature recorded here this fall was registered at the Dominion Meteorological Observatory on Gonzales Hill, when the mercury dropped to 27.4 degrees, representing 4.6 degrees of frost.

Victoria's Temperatures—Maximum and minimum temperatures recorded yesterday at the Dominion Meteorological Observatory on Gonzales Hill were 46 and 35 degrees, respectively. The maximum at Victoria College was 52 degrees and the minimum 33 degrees.

Receive Degrees—Among the Victoria recipients of Bachelor of Arts degrees at the Autumn congregation in the University of British Columbia last night were David E. Breckenridge, R. Harvey Davidson, Cyril A. Mitchell, Kenneth C. Ross, Robert Huddleston, Charles D. Kennedy and Rosamund Parfitt, all graduates of the Summer session.

U.F. Loyalists to Dine—United Empire Loyalists of Victoria are planning to hold their annual meeting on November 9. It will take the form of a dinner at the Douglas Hotel. Reported by the president, J. H. Taber, the corresponding secretary, Miss V. Ross, and the recording secretary, Mrs. J. H. Mullard, will be given, and there will be a programme of moving pictures under the direction of Walter Adams, and of musical numbers under the direction of Berkeley Fisher.

Youth Remanded—A further remand, until Saturday at 1 p.m., was granted by Magistrate Henry C. Hall to the Provincial Police court yesterday in the case in which Charles Alvin Grieve, eighteen, was charged with manslaughter, arising out of a shooting accident at Luxton on October 1, which caused the death of David George Lord. The magistrate said that he would examine the evidence to determine whether the accused should be committed for trial at the next Assizes.

AIR CASUALTY LISTS ISSUED
No Canadians Mentioned in Latest Tabulation From Ministry in London

LONDON, Oct. 25 (CP).—The Air Ministry tonight issued a casualty list containing thirty-two names. None was Canadian.

The list, the seventh issued, included three killed in action, eight killed on active service, eleven missing, and three missing, believed dead. Six died on active service and one previously reported missing now was reported killed in action. The R.A.F. death roll from all causes has reached 100 since war began.

The casualty list follows:
Killed in action—Flying Officer C. H. Clark, Aircraftman Second Class W. O. K. Cochrane, Corporal J. F. Drew.

Killed on active service—Acting Pilot Officer R. E. S. Brown, Sergeant J. H. Hargreaves, Sergeant H. Leitchford, Sergeant W. E. Levitt, Aircraftman First Class F. H. May, Aircraftman Second Class W. A. J. Powell, Aircraftman Second Class Sergeant G. Witty.

REPORTED MISSING

Previously reported missing, now reported killed in action—Flight Lieutenant T. I. Davies.

MAKES VISITORS "APPLE-MINDED"
Federal Minister of Agriculture Has Barrel of Fruit in Office Ante-Room

OTTAWA, Oct. 25 (CP).—A French visitor to the ministry of agriculture today found the minister's office "apple-minded."

When a caller steps into the ante-room, he is invited to help himself to a barrel of luscious apples standing against the wall. The caller invariably refreshes himself while he waits.

The apples are disappearing at the rate of about a barrel a week—provided by some of the apple growers.

BELIEVED SHIP CARRIED GOLD

U.S. Department of Justice Investigating Story of Athenia's Sinking

NEW YORK, Oct. 26 (CP).—The New York Daily News says in a newspaper story today the United States Department of Justice is investigating "impressive evidence" that the Germans sank the liner Athenia on September 3 "because they were convinced she carried \$750,000 in gold and securities to underwrite British war purchases."

The evidence came yesterday from sources close to the two great German marine salvage companies which have long specialized in looting the exact manifests of treasure-bearing vessels, and from a chance remark dropped by a newly-arrived German naval attaché in Washington. His words were:

"From the moment the Athenia sank, Krupp (a salvage firm) marked it as the world's richest wreck."

"According to the report now being investigated," the newspaper continues, "A London agent of the German salvage companies obtained a copy of the Athenia's manifest from the underwriters of her cargo. The manifest was said to have included the following items: \$22,000,000 in gold metal, \$37,000,000 in negotiable securities."

The newspaper said it had been told from Montreal yesterday by Eric Reford, Canadian representative of the Athenia's owners, the Donaldson Line, that he was "not aware there was any gold in the Athenia."

IS NO LACK OF COD LIVER OIL
New Type Developed in British Columbia of High Quality

VANCOUVER, Oct. 25 (CP).—W. Chalmers, graduate of the University of British Columbia and now an employee of Western Chemical Limited, today told the Vancouver Branch of the Canadian Society of Technical Agriculturists that British Columbia can produce her own equivalent of cod liver oil. He said the province need not be afraid of war embargoes which threaten to prohibit its shipment to Canada.

As a result of work at the university and later experiments, a new type of oil has been developed, he said, which contains all the best qualities of cod liver oil.

It is being manufactured in British Columbia and shipped throughout Canada, the United States and even as far as New Zealand, Chalmers said.

PATROL GUARDS GERMAN VESSEL
Ss. Havelland Watched to Prevent Violation of Neutral Laws

MEXICO CITY, Oct. 25 (AP).—The United States gunboat Erie of the neutrality patrol stood guard of the German freighter Havelland in the harbor of Manzanillo, on the Mexican Pacific Coast, to insure that she does not violate regulations of the American neutrality zone.

The Erie and United States planes from Panama were ordered to search for the Havelland last week when the freighter failed to appear at Panama for transit through the Canal. The cargo vessel left Punta Arenas, Costa Rica, October 8.

LOCATED AT SEA
The planes located the Havelland

UNFILLED ORDERS FOR PLANES MOUNT UP
SEATTLE, Oct. 25 (AP).—Boeing Aircraft Company announced today it was arranging for a five-year loan up to \$5,500,000 for working capital in production on a backlog of unfilled orders which have more than doubled since September 1.

The loan through a group of banks, mostly of Seattle, will have R.F.C. participation.

The company said its backlog of unfilled orders increased from approximately \$12,000,000 to \$26,000,000 and that 5,000 employees were now working on a three-shift basis.

DIED AT NANAIMO
NANAIMO, Oct. 25.—James Thomson, sixty-one, died at his residence at Nanaimo Bay today. He was road foreman for the Government in the Bay District and had resided there for the past sixteen years, having come from Victoria. He leaves his wife, and one son, James, of Quilicura, and four daughters, Mrs. E. Maddock and Miss Mary Thomson, Victoria, and Mrs. E. Maddock and Miss Marian Thomson, Nanaimo.

at sea and radioed the Erie. United States officials here said the Erie communicated with the Havelland by radio, established her identity and asked her destination.

When informed the Havelland was heading for Manzanillo, the Erie trailed her, but did not halt or search her, the officials said.

It was reported the Havelland was having engine trouble and is seeking to tranship her cargo of cocoa, oil, sugar and copra, originally destined to American ports, to American ships.

PERSONAL ITEMS and SOCIAL HAPPENINGS

Women's Institutes Play Important Role in B.C.

South Vancouver Island District Conference Opens In S.O.E. Hall—J. B. Munro Gives Address On "Food Conservation"

Reports of a year's activity in the South Vancouver Island district and expressions of determination to stand behind all projects in connection with war work were highlights of the annual conference of Women's Institutes which opened yesterday morning in the Sons of England Hall, View Street.

In the absence of Mayor McGavin, who was attending the British Columbia Municipalities' convention, the opening address was given by Alderman W. H. Davies, who had words of praise for the work which the Women's Institutes were doing, and wished them continued success in their undertakings.

Delegates from all parts of the district were present, and Mrs. J. L. White, the president, was in the chair. The opening prayer was given by Rev. J. L. W. McLean.

the Edmonton conference of Women's Institutes.

Mrs. McLachlan had found great interest in handicrafts of all kinds in the Okanagan and Kootenay districts, although the work was being seriously hampered by a lack of capable instructors. In the Peace River district she had met a great many of the Sudeten Germans, many of whom were finding difficulty in establishing themselves in a new country. The speaker cited many instances of hardship among the settlers, and the hope was expressed among the conference delegates that some help would be given.

Last evening the delegates were guests of the Lake Hill Women's Institute at supper, and later a social time was enjoyed, a playlet by the Victoria W.I. members being the highlight of the entertaining programme.

FOOD CONSERVATION

J. B. Munro, deputy minister of agriculture, was the speaker at the morning session on the subject of "Food Conservation." Mr. Munro blamed the wastage of food as responsible in part for the food shortage in the United Kingdom.

ground, upon the consumer rather than upon the farmer, for the consumer had shirked the duty of buying sufficient British Columbia products, he declared.

He cited the instance of 4,000 tons surplus of onions in the Okanagan, which, were it not for the war, would have been purchased by Great Britain and New Zealand. It was up to the housewives of British Columbia, he said, to help the farmers by laying in now a stock of onions for next year. Such action would be considered as saving and not hoarding. Mr. Munro continued. Critics who expected the Government to buy up these and other surplus crops for storage would be the first to accuse the Government of profiteering. If onions, fruits and other commodities which were too plentiful today were placed on the market in the future at prices which the farmers would then be justified in asking.

HELP APPRECIATED

Mr. Munro said that a wider market for apples was expected next year. While visiting the Prairie provinces recently, he had been told of the "good neighborliness" of the Women's Institutes and other groups in British Columbia in sending apples, other fruits, vegetables and clothing to the depressed areas in Saskatchewan and Alberta during the past few years.

Mr. Munro referred with regret to the death of Dr. H. E. Young, who had done much for the Department of Agriculture, and whose loss would be widely felt throughout the province. A standing vote of sympathy with the family of the late Dr. Young was passed by the delegates.

Mrs. Mead-Robins, of Royal Oak W.I., who recently returned from England, gave an interesting account of the conference of the Associated Country Women of the World which she had attended in London.

Today's session of the W.I. convention will start at 9:30 a.m., and an address on "Credit Union" will be given by Norman H. McKenzie. Officers will be elected and institute reports will be continued.

Clubs-Societies

Daughters of St. George. Princess Patricia Lodge, No. 238, Daughters of St. George, met in the S.O.E. Hall recently, with the worthy president, Mrs. E. Duncan, in the chair. Mrs. E. Burke was installed as the district deputy, elected by the Supreme Lodge. A report was given of the card social held recently. Preparations and plans for the bazaar and social to be held on November 17 were discussed. After the session a card social was held, the winners being Mrs. Thornber, Mrs. Jane, Mrs. Miller, Mrs. Gurney, Mrs. Mason and Mrs. Harris. Refreshments were served by the committee.

Britannia Branch W.A. The W.A. to Britannia Branch No. 7, Canadian Legion, held a successful card social in the clubrooms on Tuesday. Progressive whist was in charge of Mrs. M. McKinnon, and the prizes were won by Mrs. D. Swan, Mrs. F. Huell, Mrs. G. Steven and Mr. Dawes. The special prize went to Mr. C. J. Atkins. Refreshments were served by Mrs. L. Thompson, assisted by Mrs. E. Hampton.

St. Paul's Y.W.A. The monthly meeting of the Young Women's Auxiliary of St. Paul's Presbyterian Church was held in the lecture room on Tuesday evening. Mrs. M. Rule had charge of the devotional period and Miss Gardner gave a talk on her kindergarten work among the Japanese and Chinese. A solo was sung by Miss J. McGowan and refreshments were served at the close of the meeting.

W.C.T.U. Found Party The committee of the W.C.T.U. Home on Ida Street has issued an invitation to all friends interested to see over the building at the found party this afternoon. As there is plenty of jam and pickles in the storeroom this year, groceries of all kinds will be welcome.

Native Sons of Canada The annual session of the Native Sons of Canada, Victoria Assembly No. 1, will be held tonight at 8 o'clock in the Foresters Hall, Cormorant Street. The nomination and election of officers for the coming term will be held, and it is requested that all members attend.

Nursing Service The Esquimalt Rural Nursing Service will hold its twentieth annual meeting this evening at 8 o'clock in the Women's Institute.

Marriage Celebrated At United Church

—Photo by Campbell.
MRS. JAMES ALEXANDER RANDALL. Formerly Miss Madeline Primrose, who was married at First United Church on Saturday.

Hall on Dunford Road, Langford. Dr. R. C. Newby will address the meeting.

Card Party

A card party will be held on Saturday at 8 p.m. for the funds of the Mission of Alexis, at 1042 Balmoral Road. Progressive whist will be played and there will be refreshments and prizes.

Trades and Labor W.A.

The Women's Auxiliary to the Victoria and District Trades and Labor Council will hold its regular meeting this evening in the Labor Hall at 8 o'clock.

Pro Patria W.A.

The W.A. to Pro Patria Branch, Canadian Legion, will hold a card social in the Victoria W.I. rooms, Fort Street, tomorrow evening at 8 o'clock. Five hundred will be played.

Weavers' Guild

The W.I. Weavers' Guild held its monthly meeting on Monday evening. Miss Marjorie Hill was the speaker.

Hallowe'en Dance Draws Jolly Crowd

The Hallowe'en dance held last night by Queen City Chapter, Order of Eastern Star, attracted approximately 250 persons to the Shrine Auditorium, which was decorated with black tacks, witches, pumpkins, scarecrows and orange and black streamers. Mrs. C. M. Parrott, matron of the chapter, was assisted by Mr. J. Flack, the patron, in receiving the guests.

Mrs. W. Newell was responsible for the decorations, which were greatly admired. The orchestra stage was banked with autumn flowers and illuminated with colored lights and Chinese lanterns, while the remainder of the auditorium was arranged in the Hallowe'en motif.

Old-time and modern music was played by the popular orchestra, among the favorites being medleys, the minuet and the schottische. Prizes were given for winners of the spotlight dances. Jim McQuasne and Miss Stanton were applauded for their novelty dance numbers. Mrs. W. Broadhurst and Mrs. A. Gough convened the dance, and bridge was played by non-dancers under the direction of Mr. H. O. Austin.

A sit-down supper was served in the banquet hall, where the tables were covered with orange and black paper, and arranged with autumn flowers and miniature pumpkins and oranges.

ENGAGEMENTS

BRUCE-PADDON

A marriage has been arranged between Dorathoe Locke, youngest daughter of the late Canon W. F. Locke Paddon, of Mayne Island, and of Mrs. Paddon, "Kyrtan," Greenwood Avenue, Esquimalt, and the Rev. Montague W. J. Bruce, "Lwyn-y-Mor," Saanichton. The wedding will take place quietly at St. John's Church on November 8 at 2 p.m.

CAMPBELL-PEARS

Mr. C. R. Pears, of Melchior, announces the engagement of his daughter, Dorothy, to Mr. William Campbell, eldest son of Mr. and Mrs. Campbell, Beaver Lake, Royal Oak. The wedding will take place quietly on October 28.

MASQUERADE DANCE

The Knights and Dames of the Thistle will hold a masquerade dance in the K. of P. Hall on Broad Street tomorrow night from 9 to 12 o'clock. Prizes will be given, and refreshments served by the ladies.

Social Activities and Notes of Personal Interest

Social and Personal Couple Married Recently

Gifts in Miniature House

Mrs. Frank Morrison and her daughter, Mrs. Fred Ewer, entertained last evening at the home of Mrs. Morrison, 1316 Haultain Street, at a kitchen shower in honor of Miss Phyllis Waters, whose marriage to Mr. J. D. Blackstock will take place next month. The guest of honor was presented with a corsage bouquet of pink roses and carnations by little Lorraine Rowan and Shirley Anderson, who later drew in a wagon upon which rested a cleverly constructed white-walled, red-roofed house surrounded by a green lawn and realistic flower beds. Climbing roses covered the porch, and on the steps stood a miniature bride. Inside the house Miss Waters found many useful gifts for her new kitchen. A color scheme of mauve, white and yellow, carried out in autumn flowers, was used in the decoration of the reception room. Mrs. A. Adams, Mrs. H. Kelly and Mrs. Lambert won prizes for games played during the evening. Solo by Mr. Harry Morrison, accompanied by his mother, Mrs. F. Morrison, at the piano, were enjoyed, as was also community singing. A buffet supper was served from a lace-covered table arranged with a centerpiece of chrysanthemums in silver baskets, surrounded by folds of pink tulle. Pink tapers in silver holders completed the setting. The guests were Mesdames J. Waters, M. Blackstock, E. Myers, J. Rhodes, F. Freer, C. Switzer, J. Gornall, H. Hewitt, A. Young, McDowell, D. White, J. Smith, H. Kelly, J. Rowan, J. Ewer, N. Briggs, F. Bone, J. Richmond, D. Essler, G. Storey, B. Lambert, F. Dunderdale, J. B. Vale, G. Banister, A. Dunderdale, T. Milligan, A. Adams, A. R. Dunderdale, Misses L. Waters, E. Blackstock, T. Myers, M. Gourley, O. Anderson, M. Fletcher, Ohlson, Shirley Anderson and Lorraine Rowan.

Miscellaneous Shower

In honor of Miss Ellen Peden, whose marriage to Mr. Stanley Day will take place shortly, Mrs. R. Day and Mrs. S. Smith entertained at a miscellaneous shower at Mrs. Day's home on Washington Avenue. The guest of honor was presented with a corsage bouquet of Tallman roses. The gifts were concealed in a ship representing H.M.C.S. Frazer, which was drawn in by little Patricia Smith and Ronald Day. The refreshments were served from a table covered with mauve and

bronze chrysanthemums. The guests included Mesdames G. Day, T. Peden, A. Ross, J. Brown, H. Patterson, W. Yeamans, D. Barr, R. Erb, B. Longstaff, Burns, B. H. Patterson and Misses Evelyn Fishlock, Connie Wright, Mary Peden, Vicky Bourke, Jean Metcalfe, May Meddler, Marian Barlow, Chris Reid, Mae Peden and Jaynee Brown.

Surprise Party

A surprise party was held on Monday for Miss Doris Campbell, of Lake Hill, who was celebrating her nineteenth birthday. The rooms were decorated with chrysanthemums and delias in Halloween effect. Dancing and games were enjoyed, prizes being given for special dances. The music was played by Miss Joan Tillett. Supper was served at prettily arranged tables. Those present included Mr. and Mrs. H. H. Brown, Mr. and Mrs. E. Speed, Mr. and Mrs. F. Painter, Mr. and Mrs. H. Campbell, Mrs. I. Fowler, Misses Edith Harding, Irene, Alma and Joyce Campbell, Janet and Dorothy Hudson, Lorna Speed, Adeline Clavworthy, Joan Tillett, Cpl. R. Watt, Pte. A. Sutherland, P.P.C.I.I. and Pte. C. Bardsley, R.C.A.M.C.

Return From England

Mr. Charles Nickerson, Lullie Street, and his daughter, Miss Margery Nickerson, who have been spending two months in England, have arrived home. They returned aboard the St. Duchess of Richmond, which brought a number of the survivors of the St. Athenia.

To Reside Here

Mr. and Mrs. J. N. Rowell and family, who arrived here last Spring from Wapella, Sask., to visit Mrs. Rowell's father, Mr. A. G. Fairbairn, 1529 Redfern Street, plan to make their home here, and have purchased the house of Mr. J. D. Atkinson, 2545 Orchard Avenue.

Plans Special Study

Miss Patricia Hamersley, 1893 Crescent Road, left by the afternoon boat yesterday for Seattle, where she will study floral decoration with Sudakoff, the well-known authority on this subject.

At Empress Hotel

Mr. W. E. Wason, city clerk of Nelson, B.C., who is attending the municipalities' convention, is staying at the Empress Hotel.

In New Home

Dr. and Mrs. John Harper, who

MR. AND MRS. HARRY O'FLYNN (Nee Monk), Who Were Married Recently at St. Paul's Naval and Garrison Church, Esquimalt.

returned recently after several years' residence in England, have now taken up residence in their new home on Transit Road.

Back From East

Mrs. A. F. D. MacGachan, Uplands, has returned from a visit to Eastern Canada and the Eastern United States.

Among those attending the municipalities' convention in the city this week is Colonel E. Mallandaine, reeve of Colborne, B.C.

Mr. A. McD. Patterson, Ladner, has returned to the Mainland after a few days at the Empress Hotel.

Y.P.S. NEWS

OBYPFA

The regular meeting of the Oak Bay Young Peoples' Association was held in the Sunday school room of the church on Tuesday evening. The

Softly Tailored Young Style

By ANNE ADAMS

Pattern 4191

FOR a wise young miss who likes her school or work-day frocks tailored, yet soft and feminine, here's just the thing—Anne Adams' pattern 4191! Those side panels give a grand high-waisted look and make the skirt flare saucily. Mark the front waistline with rows of buttons, or use a trim buckled belt. And take your choice of these two beguiling touches: a scalloped collar with matching cuffs if the sleeves are short, or a pert "cat whiskers" bow of perhaps, dainty eyelid batiste with lacy edge, and cuffs to match. Try one of the new woollens in an embroidered or ribbed design for this adorable dress.

Pattern 4191 is available in Junior and misses' sizes 10, 12, 14, 16 and 18; bust sizes 28, 30, 32, 34 and 36. Size 14 takes 2½ yards 54-inch fabric.

Send twenty cents in coin for this Anne Adams pattern. Write plainly size, name, address and style number.

Send your orders to Pattern Dept., The Daily Colonist, Victoria, B.C.

topic of the evening was "Missions." A selection was read from the booklet "The Church Carries On," entitled "The World Is Shrinking." A general discussion followed, in which all members present took part. A biography of the life of Livingston was given. Games were played under the direction of Rev. F. R. G. Drege. The meeting adjourned with the singing of "Taps." The meeting next week will take the form of a Halloween social and all young people are welcome.

METROPOLITAN

Mr. K. C. Symonds was guest speaker at the Metropolitan Young People's meeting on Tuesday. He gave a talk on the historical background and construction of the famous old Tower of London. Mr. Symonds, who has made a study of the tower's life history, related points of interest about it from years back until the present time.

Bert Simpson conducted the group in singing several songs, which were new to the society. The devotional period was led by Miss Queenie Waters. The meeting to be held October 31, will be a Halloween masquerade social, at which members are requested to wear costumes, and those who do not must pay a forfeit.

P.T.A. Activities

COUNCIL

Routine work pertaining to the Provincial Federation formed the major discussions at the meeting of the Victoria and District Parent-Teacher Council, held last evening in the school board room at the City Hall, with the president, Trustee P. E. George, in the chair. The sum of \$735 was realized from the recent home cooking sale, it was announced, and will be used for traveling expenses of members on the council. Gratifying results of the P.T. Week from October 1 to 7 were reported. A membership of over 900 in the various branches was shown. Mr. A. G. Bishop was named publicity convenor, and a report on the advertising campaign was given by Mrs. G. Ingledew. Mrs. Day gave a detailed report on the literature department at the Hudson's Bay Company store, which has been open since last August, and Mr. Green announced that the school board had supplied desk, chairs and material for the depot, valued at \$60 to \$70.

MONTEREY

Dr. Henrietta Anderson, of the Provincial Normal School, was the guest speaker at the meeting of the Monterey association on Tuesday evening. She suggested ways in which the home and school could co-operate to the advantage of each and to the advancement of the welfare of the children. Mrs. E. J. Day, sixth vice-president of the British Columbia Parent-Teacher Federation, and president of the James Bay P.T.A., outlined the duties of committees, explained the advantages of affiliation with the provincial body, and invited the members to make use of the P.T.A. library at the Hudson's Bay Company's store. Both speakers wished the newly-formed organization every success. The treasurer, Mrs. G. Wilkinson, reported sixty-four paid-up members. The president and secretary were appointed delegates to the Victoria and District Parent-Teacher Council. The next meeting will be held on Tuesday, November 7. Mr. John McAllister contributed two vocal solos, accompanied at the piano by Mrs. Wallace R. Gunn.

TAKES OVER PURCHASES

OTTAWA, Oct. 25 (CP).—The War Supply Board will take over the work of the Defence Purchasing Board on November 1, it was announced last night. Contracts previously entered into by the Defence Purchasing Board will be administered by the war supply body after that date.

Mumford, Deep Cove; Mr. and Mrs. L. Lening, Puyallup, Wash.; M. F. Gomes and family, Miss E. Simmons, Marysville, Cal.; Mr. and Mrs. L. M. Lunn, Quesnel; Mr. and Mrs. G. Owens, Rainier, Alta.; W. C. Fraser, Vancouver; D. Mason Hurley, Shawinigan; J. Conrad, F. Lavel, Vancouver; Mrs. L. Thomas, Miss McCutcheon, Bellingham; Mr. and Mrs. H. Langley, Spokane.

Guild Holds Silver Tea

The silver tea and sale of work held yesterday by the Women's Guild of St. Andrew's Presbyterian Church, at the home of Mrs. A. Hood, 5400 Street, was a great success, a large number of guests being welcomed by the hostess, Mrs. Hood, and by Mrs. J. L. W. McLean and the guild's vice-president, Mrs. A. M. Boyd.

The tea table was centred with a silver basket of bronze and gold chrysanthemums, flanked by matching candles in silver sconces. Mrs. W. L. Clay and Mrs. A. A. McKinnon, Mrs. E. A. Lindsay and Mrs. D. E. Campbell presided at intervals during the afternoon, and assisting in serving were Mesdames Surphill, F. W. Hawes, J. W. Johnson, G. Robertson, D. Scott, J. G. Burnett, M. Hodges, P. J. Campbell and Misses H. Starr and A. Hood. Mrs. Surphill was convenor of the tea arrangements.

In the living-room autumn flowers and foliage were effectively arranged and a table of attractive novelties and handwork was in the charge of Mrs. A. E. Starr and Mrs. J. W. Cameron.

Taking part in a musical programme were Mrs. J. H. Radcliffe, Mrs. Ward and Miss H. Kennedy, who sang, and Mrs. H. Warren, who played the pianoforte accompaniments. Mrs. William Head, the treasurer, had charge of the silver collection, which considerably augmented the guild's funds.

Alpine Club Has Good Day

Members of the Vancouver Island Section of the Alpine Club of Canada drove on Sunday to Goldstream Falls and from there made an ascent of the face of Mount Finlayson. A fine view was had from the summit of the mountain, and the two both of Finlayson Arm and surrounding country, and of Victoria itself. The ascent was made via Mount Skirt to Langford Lake. The party was joined later by several other members at dinner at the scenic View Lookout on the Malahat.

Celebrate Wedding Anniversary While Paying Visit Here

Mr. and Mrs. J. G. Robson, of New Westminster, have arrived here on a brief holiday visit to celebrate their twenty-eighth wedding anniversary, and, as Mr. Robson put it, "to relax and enjoy your community once again."

"It's really just one of those old-fashioned honeymoons," he laughed, when asked by The Colonist yesterday. "We like to come over here once or twice a year, and this time it coincides with our anniversary."

Mr. and Mrs. Robson are registered at the Empress Hotel, where they will stay during their visit to Victoria. Mr. Robson is president of the Timberland Company, B.C.

A CHIVALRY SQUAD

GLASGOW, Oct. 25 (CP).—The Glasgow Chivalry Squad has grown out of the air-raid blackout. It consists of male operators in the telephone exchanges who escort girl operators home through the darkened streets. Each man escorts three girls at the end of his night's work. The Postoffice, which operates the telephone system, picks men likely to shy from romance.

Witty Kitty.

Many a day off has been ruined by bumping into the pile of work just ahead.

Jubilee W. A. Hears Report Of Card Party

According to the final report of the bridge party held on October 3, the sum of \$788.42 was realized, it was stated at the monthly meeting held during the afternoon at the Nurses' Home. The total expenses in connection with the bridge party amounted to \$9.05. The co-operation of the Junior W.A. was appreciated.

Mrs. R. J. Jameson, president, and twenty-eight members attended the meeting. Mrs. P. E. Taylor, convenor of dues, reported \$30 having been collected since the last meeting. Miss C. Hall reported that she and Miss E. Campbell had visited the patients during the month. Mrs. H. G. S. Helstman requested another sewing machine, as the work of the sewing committee had greatly increased, and money for its purchase was voted. Miss Mitchell requested new curtains and cushions for the maternity floor and sunroom of the hospital, and was authorized to make the necessary purchases.

Miss Curry gave a detailed and interesting report of the British Columbia Hospitals' convention.

Women's Institutes

LANGFORD

Mrs. D. B. F. Bullen presided at the meeting of the Langford Women's Institute on Tuesday afternoon. It was decided to hold a jam supper for the Mill Bay Solarium at the November meeting; also to hold a card party with a sale of donated articles on Tuesday, November 14, at 2:15 p.m. in aid of the Solarium. Plans were made for the Halloween party to be held for the children of the district next Tuesday evening. A sit-down supper will be served at 5:30 o'clock, and at 7 o'clock, Mr. Douglas Flintoff will show motion pictures. The secretary was asked to write a letter of congratulation to Mr. and Mrs. J. Thorne on their golden wedding. Mrs. P. N. Welch, local convenor of legislation, spoke briefly about Judge MacGill's compilation of the laws for women and children in British Columbia. Mrs. Bullen and Mrs. Ritchie were hostesses.

Anglican Young People

CHINESE BRANCH

A well-attended meeting of the Chinese branch was held at the home of Herbert and Royal Chan, when the report of the International Red Cross dance was given. Mrs. June Solomon Hope presided. The committee reported that the total proceeds amounted to \$138.86 and would be sent by John Yuen, treasurer, to the International Red Cross Society. The next meeting of the branch will be held at 738 Discovery Street on November 3. The association expressed its appreciation to all those who had in any way assisted with the programme and arrangements.

ACTION AGAINST BESSARABIA SEEN

Continued from Page 1
The Great War, in a "defensive" measure to obtain the Carpathian Mountains as a barrier against any further Communist expansion into Central Europe.

ITALY IS WATCHFUL

ROME, Oct. 25 (AP).—Informed Fascists said tonight that Italy is keeping a wary eye on efforts of Soviet Russia to consolidate her position in the Balkans. They said Rome has no intention of yielding her position in South-eastern Europe to any power. They indicated also, that Italy, having fought in Spain to prevent Bolshevism from gaining a foothold in the Mediterranean, would resist definitely any Communist penetration in another area where Rome considers Italian interests paramount.

IN FLIGHTS OVER GERMAN CITIES

Continued from Page 1
the victims, the 4413-ton Taina, the 3526-ton Leubury and the 2474-ton Menin Ridge had been "fired upon." The British Press Association said the fourth ship, the 7256-ton Clan Chuholm, was sunk "presumably by a U-boat while on a homeward voyage to Britain."

IN SAME VICINITY

All were sunk in the same vicinity—about eighty miles west of the Straits of Gibraltar. Eighty-nine persons were reported dead or missing.

"Did the Deutschland capture the City of Flint?" one London newspaper asked, commenting on seizure of the United States vessel taken into the Russian port of Murmansk by a German prize crew. An Admiralty spokesman said merely that the British Navy had not "sighted" the Deutschland.

"If she had been," he added, "she would not now be at large."

Along with quickened sea activity, which contrasted with quiet on the

Western Front, there were these developments:

1. Announcement of the streamlining of Britain's propaganda machine, with special attention to the United States.

2. Announcement of a Government decision against relaxing blackout restrictions shortly after a "shower of bombs on Britain" warning was published in Field Marshal Goering's Essen paper.

CALL FOR ACTIVITY

Lord Astor issued in the House of Lords a call for "real activity" in economic warfare and publicity because "in the next few months we shall reach a stalemate between the Maginot and Siegfried Lines."

"We have ahead of us an opportunity for a war of words and ideas," he said. "It is a case where the pen is going to be mightier than the sword."

"Publicity may well shorten the war by weeks and even by months and insure a great saving of life and expenditure of money."

Lord Macmillan, Minister of Information, reported to Parliament the departmentalization of his ministry with a "small special action concerned with the United States, with which the relationship of the ministry is quite special and not put in the same category as relations with the others (countries)."

SAFE ABOARD SEIZED SHIP

Continued from Page 1

of the American ship City of Flint, taken to the Russian port of Murmansk by a German prize crew.

The information was given American Charge d'Affaires Alexander Kirk when he received this morning by Baron Ernst von Weizsaecker, Secretary of State in the German Foreign Office.

It was the first contact made by Kirk with the German Government in connection with the incident. Hitherto the stock answer to inquiries concerning the City of Flint had been that nothing was known here officially about the vessel.

The ship was seized, inquiries were told unofficially, because it carried war contraband.

ESSENTIAL MAPS LOST

According to the German report, the City of Flint was taken into Tromso, Norway, as "unseaworthy" because the American crew had put certain maps essential for navigation out of the way before the Germans took charge.

Lacking these maps, it was explained, the ship could not be navigated through the complicated North and Baltic Sea war areas, and therefore was taken to the Far North.

At Tromso the prize crew attempted unsuccessfully to obtain the missing maps, informed sources said. The City of Flint then was taken to Murmansk.

DECLARES BRIDGE SHOULD BE FREE

NEW WESTMINSTER, B.C., Oct. 25 (CP).—J. G. Robson, president of the British Columbia Lumber and Shingle Manufacturers' Association and prominent member of New Westminster Board of Trade, told members that sooner or later Vancouver and New Westminster Boards of Trade are "going to insist that the Pattullo Bridge be a free bridge."

"It is a pity that this community should pay tolls on a bridge crossing the Fraser River, which for thirty years was free and a provincial responsibility," he said, at a supper meeting Tuesday.

The Pattullo Bridge was completed here in 1937, replacing the old New Westminster Bridge.

Canadian Fisheries
Export Trade Makes
Considerable GainsValue of Shipments of Canned and Frozen Sea
Products for First Seven Months of 1939
Above 1938 Figures

Canada's export trade in fisheries products in the first seven months of this year, totalling \$14,860,000 in round figures, showed an increase of nearly \$741,000 above the level of trade done in January-July, 1938.

The United States continued to be the Dominion's fishing industry's best single export customer. Shipments sent to that country during the seven months represented a little better than half, or \$7,690,000 of the total export value, and accounted for more than half the increase in business.

An increased sale of fresh and frozen fish and preserved or canned fish created most of the net gain, though the export of fish and seal oil was up, and the shipments of other fishery products in the export markets also increased. Sales of dried, salted and pickled fish decreased somewhat as compared with the export business done in the corresponding period of 1938.

FIVE MONTHS UP

Five of the seven months showed

EARLY SEAFARER
CALLED BY DEATH

Captain, Charles F. Macaulay Was

Master Mariner in Both

Sail and Steam

Capt. Charles Frederick Macaulay,

aged seventy years, died yesterday

in the Shaughnessy Military Hos-

pital, Vancouver.

Captain Macaulay was born in Or-

awa on December 18, 1868, and went

to England as an infant and was

educated there. He went to sea as

an apprentice in the bark Ruth-

well at the age of fourteen and was

one of the few master mariners in

both sail and steam. Retiring from

the sea, he came to British Colum-

bia thirty years ago and lived in New

Westminster until three years ago,

when he made his home with his

daughter, at Cadboro Bay.

A Great War veteran, Captain

Macaulay served overseas with the

4th Battalion, Canadian Expedi-

tionary Force. He was a member

of the Saanichton Branch of the

Canadian Legion, B.E.S.L.

Surviving are his wife and one

daughter, Mrs. S. G. Rife, both at

Cadboro Bay Road, Cadboro Bay,

and two grandchildren.

Funeral services will be held to-

morrow, at 2:30 p.m., from the

parlors of the S. J. Curry & Son Funeral

Home. Interment will take place in

the Royal Oak Burial Park.

PARSON MARINER

STILL MAROONED

Rev. John Antle Will Remain at

Funchal, Madeira, While U-Boat

Menace Exists

Marooned at Funchal, in the Ma-

deiras, Rev. John Antle, who started

from Lisbon for Victoria in a small

sailing craft he purchased in Eu-

rope, has written to Harry Barnes,

of Rithet Consolidated, telling him

that the time of his departure from

the Islands is indefinite.

Arriving at Funchal, the parson

mariner, who founded the Columbia

Coast Mission, first learned of Bri-

tain's declaration of war on Ger-

many and was advised by naval au-

thorities there to remain in port until

the U-boat situation had been cleared

up, or the area in which they might

be operating was determined.

Mr. Antle also had trouble with

his sailing companion, finding that

he wasn't fit for the life on the

passage from Lisbon to Funchal. He

relates how he advised the young

man to return to England and get

into a uniform. He adds that if

he can find a successor by sailing

time, he will welcome him with open

arms; but he believes if he isn't

successful in getting the right man

he will attempt to sail his craft

across the Atlantic to Panama alone,

even though I am not so young as

I used to be," he concluded.

NEW SERVICE STARTS

PORTLAND, Ore., Oct. 25 (AP).—A

new Portland to the Orient service

was inaugurated today with the sail-

ing of the Swedish M. S. Canton for

Shanghai, China. The service is

called the Portland-Orient Direct

Line. The ship was loaded with

four, newspaper, paper and lumber.

o'clock, at 221 Pemberton Bldg.

CREWS OF WRECKED
SHIP AND LIGHTER
HAVE BEEN RESCUED

JUNEAU, Alaska, Oct. 25 (AP).

The Governor's Office reported

today it had received a radiogram

that five crew members of the

wrecked motorship Martha, and two

men of a missing lighter from Nak-

nek, had been rescued.

The message said the survivors

had been taken to Port Moller. No

other details were received.

REPORT GAINS
FOR EMPLOYED

Provincial Relief Lists Last

Month Lower by 1,650

Heads of Families

British Columbia relief totals were

reported substantially lower in Sep-

tember, due in part to the operation

of municipal projects under Federa-

l and provincial assistance. Some

1,300 heads of families were taken

off the relief rolls, having found

such employment. E. W. Griffith,

provincial relief administrator, re-

ported.

The September list included 9,491

heads of families, with 25,572 de-

pendents, and 4,676 others listed as

single men, for a total of 39,739 in-

dividuals. This compared with 42,992

persons listed in September a year

ago, and with 46,129 individuals in

August last.

Exclusive of married men finding

work on municipal undertakings,

several hundred others left relief

rolls when they found employment

outside of public works; married

lists being less by 1,650 persons all

told, relief officials said. The re-

ports were regarded as favorable, in

view of seasonal shut-downs in

some classes of employment.

NOTICE TO MARINERS

British Columbia—Strait of Geor-

gia—Shearwater Passage—Grant

Reefs—Beacon missing. The white

slatwork day beacon formerly main-

tained on Grant Reefs in latitude

OPTIMISM IS
SHORT-LIVED

With One Dispute Settled,

Further Waterfront Trouble

Is Expected

SAN FRANCISCO, Oct. 25 (AP).—A

new work contract signed between

the A. F. of L. Sailors' Union of the

Pacific and the Shipowners' Associa-

tion, brightened the Pacific Coast

maritime labor picture, but optimism

was short-lived.

Shortly after the sailors completed

a contract affecting seventy-five

vessels and approximately 1,200 un-

licensed dock men yesterday, the

C.I.O. Ship Clerks' Association an-

nounced a strike would be called un-

less a new agreement with the Dock

Checkers' Employers' Association is

reached within ten days.

The sailors' contract will become

effective at midnight tonight and

will extend to September 30, 1940.

Both sides said increased wages and

better working conditions were

guaranteed.

Polling in B.C.

By-Election Will

Take Place Today

Polling in the Cranbrook by-election

to fill the forty-eighth seat in the

Legislature will open at 8 a.m.

today, continuing

the Pacific Standard Time, electoral

officers of the Province said yester-

day.

A decision in the three-man con-

test for the seat left vacant by the

resignation of F. M. MacPherson,

former Minister of Works, is ex-

pected to be indicated in urban re-

turns from the riding the next

evening, subject to complete returns

when all polls have been reported.

Chal Body of Yours
JAMES W. BARTON, M.D.
IS TREATMENT OF MENTAL CASES BY SHOCK GIVING GOOD RESULTS?

When you read of the wonderful suits obtained in mental cases by use of the insulin and metrazol shock treatments, you may wonder

why all cases are not treated by these methods.
What must be remembered is that before these newer methods of treatment were discovered, mental specialists in private practice and in mental hospitals were having good success by the usual methods. It is estimated that of every ten patients entering mental hospitals and getting ordinary hospital treatment, six are able to return to home or business, although some of these

may have to return to hospital for a further period of treatment.
If about six in ten patients with dementia praecox (persistent dream state) and those who are depressed and still others with other mental symptoms are able to leave the mental hospital, are these newer methods of treatment necessary or helpful?
An interesting comparison of the newer with the older methods is reported in The British Lancet by

Drs. H. Stalker, W. M. Miller and J. M. Jacobs. They compared the results obtained in the treatment of 218 cases of schizophrenia—dementia praecox—divided into three series according to whether treatment was by ordinary hospital methods, by lessening sugar in the blood, or by drugs which caused convulsions—insulin and metrazol. From the standpoint of "numbers" cured, there was not much difference in the results obtained by the

three methods. The patients recovered by ordinary hospital treatment in acute cases. Lessening the amount of sugar in the blood in the "depressed" group gave good results. Using the drugs that cause convulsions appeared to be best suited for patients in stupor. The convulsive drug treatment was also useful in cases where the patients were not being helped by the usual psychoanalytic methods—finding the circumstance or circumstances in the

patient's life history that caused the mental symptoms and discussing them freely.
However, the main reason why these "shock" treatments are not used in more cases is that many patients and the families of the patients object to them and also that injuries, especially to the spinal column, occur in a number of cases. However, when there has been no improvement for many months or years by the ordinary hospital

methods, treatment with these convulsive drugs would appear to be worth trying.
THE AFTERMATH
May—Did your past rise before your eyes when you were drowning?
Fay—No, but my future did—I married the life-guard who rescued me.

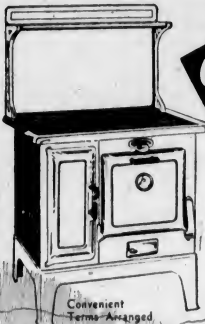

In an Irish court an old man was once called into the witness box. He was nearly blind, and mistook the steps that led into the witness box; instead he mounted those that led up to the bench.
The judge smiled at the mistake and asked him jocularly: "Is it a judge you want to be, my good man?"
"Ah, faith, thin, your honor," was the reply. "I am an old man now and maybe it is all I'm fit for."

VARSIITY GRIDDEERS BLANK SASKATCHEWAN SQUAD

Clapper, Portland Will Form Defence Of Boston Bruins

Will Line Up in Front of Goalie Brimsek During National Hockey Schedule—Eddie Shore Will Be Available for Home Games and Play-Off Fixtures—Few Changes Made

By BILL KING
Associated Press Sports Writer
BOSTON, Oct. 25 (AP).—Since Boston Bruins battered their way to the Stanley Cup with a comparatively young team, the hockey faithful naturally would expect them to sit tight for 1939-40.

But that is the reverse of what they are going to do. True, they haven't made many changes (four to be exact), but each is significant. The most marked difference the Bruins will display on the road during the coming season will be Eddie Shore's absence. The great defenceman, now a hockey magnate in his own right, since he purchased the Springfield International-American League Club last spring, will not be seen in action abroad until the play-offs.

Eddie's latest contract with the Bruins permits the club to play him in eighteen home games after December 15, as well as all of the post-season conflicts, before making him a free agent next May 1. All of which means that the majority of the National Hockey League fans have seen Eddie in major competition for the last time.

Second only to Shore's non-appearance in the other six league cities will be Manager Art Ross' absence from all benches, including his favorite perch in the Boston Garden. After all these years, Ross has decided to take a tip from his arch rival, Conny Smythe, of Toronto Maple Leafs, and turn the active leadership over to a competent assistant—in his case, the canny Cooney Weiland. Ross' deci-

sion to abdicate came about the same time that Lester Patrick elected Frank Boucher, another wise old veteran, to run New York Rangers from the bench.

FIRST LINE DEFENCE
With Shore unavailable most of the time, the Ross-Weiland forces have gone to the aid of Clapper and the equally rugged Jack Portland as Boston's first line of defence. Such a decision resulted in the reunion of the capable Jack Crawford and big Jack Shewchuk, the only newcomers. They fought side by side for Providence two seasons ago. Those four giants will co-operate in protecting Frankie Brimsek, Canadian Press all-star choice and perhaps the most spectacular freshman goalie in hockey history.

In front of them, three seasoned and speedy lines will go about the important business of trying to score more goals than their rivals. The famous "Kraut Kids from Kitchener," Milt Schmidt, Woody Dumart and little Bobby Bauer, again will operate as a unit. So will such play-off heroes as Bill Conner, Roy Conacher and Mel (Sudden Death) Hill.

The third line will comprise Art Jackson, the high-scoring centre recalled from New York Americans, whose wingers will be Gordon Fetting and Charlie Sands. And, ready to take anyone's and everyone's job except Brimsek's, will be Bill (Flash) Hallett, one of the greatest utility players in the ice game's history. As insurance, Ross has checked out reserve lines with his International-American farm team at Hershey, Pa.

HOCKEY WILL START NOV. 13

Coast League Schedule to Open Early Next Month—King With Hawks

SEATTLE, Oct. 25 (AP).—Pacific Coast Hockey League governors last night set November 13 as the league opening date, but that news was overshadowed today by the announcement Connie King would manage Seattle Seahawks.

King, crack centre and regarded as one of the best players in the minor leagues, comes to the Hawks from the defunct Spokane Clippers. In a dramatic windup to the governing meeting, George Lackey, owner of the Tulsa Oilers of the American Association, waived claim to King in a long-distance telephone conversation with League President Fred Taylor.

Lackey had acquired King from Spokane before the Hawks closed a deal to purchase the Clippers' entire player crop. The season will extend seventeen weeks, with each team playing twenty games at home. A play-off between the first and second place clubs will be played. Portland will play in Vancouver for the opening game.

FREDDIE STEELE WILL NOT FIGHT

TACOMA, Wash., Oct. 25 (AP).—Reversing an earlier decision, Freddie Steele, former world's middleweight champion, announced today he will not attempt a comeback.

GALAHADS WILL PLAY
VANCOUVER, Oct. 25 (AP).—Galahads, Nanaimo's smart junior soccer team, will be seen in action here this season. At a meeting of the British Columbia Junior and Juvenile Football Association here last night, it was reported Galahads' application for entry in association games had been received.

AL REYNOLDS LEADS FIELD AT COLWOOD

Shoots Net 66 to Take Three-Stroke Margin at Local Course

Al "One-Putt" Reynolds flashed some brilliant golf on the backstretch after doing a lot of scrambling on the first part of the journey to take a three-stroke lead in the annual handicap championship tournament at the Colwood Golf Club. Reynolds shot the first nine in 45, but after rounding the turn he settled down to some serious shotmaking and blazed away to a grand 37 for his gross card of 82. His sixteen handicap reduced this total to a net 66 to give him the advantage over a trio of others at the halfway station.

Tied for the runner-up position came E. D. Horsman, Art Dowell and George Quincey with net 69's, while in the 70 bracket there is J. R. Kingham and R. Frame. Brian Hunning is alone in the 71 group. Alan Macey and L. W. Campbell came in with 72's, while two veterans, Tom McPherson and Ted Horsey, along with Bud Hocking, had net 73's. The field is well bunched and several of them have a fine chance of overtaking the pace-setting Reynolds and win the honors when the second round is played next Sunday. The competitors are asked to select their partners and arrange for their times.

Net scores follow: A. T. Reynolds, 66; E. D. Horsman, A. Dowell, George Quincey, 69; J. R. Kingham, R. Frame, 70; B. Hunning, 71; A. D. Macey, L. W. Campbell, 72; E. N. Horsey, T. S. McPherson, R. V. Hocking, 73; W. G. Crawford, J. R. Neilson, P. G. Barr, C. Denham, A. K. Snell, 74; A. Beasley, J. E. Goldring, A. D. Davies, A. W. McIntyre, 75; A. Balcum, A. C. Savage, H. Winterburn, 76; Dr. Gibson, A. E. Osborough, E. Colgate, D. Elford, Don Brake, 77; H. Hodges, H. A. Elwood, H. T. Matson, F. H. Francis, A. D. Straith, 78; H. H. Livesey, Charles Earle, 79; Dr. George Hall, A. C. Falk, H. Taylor, 80; T. A. R. Dennison, 81; B. H. Clever, R. M. Knight, 82; W. H. Masters, A. E. Williams, 83; A. V. Gonnason, 84; A. C. Stickley, 85; A. E. James, 86; A. W. Sheret, 90; R. B. Crombie, 91; C. R. Savage, 92.

Anglers' Meeting Set This Evening

Members of the Victoria-Saanich Inlet Anglers' Association will meet this evening at the Chamber of Commerce at 8 o'clock when plans for the annual jamboree will be discussed.

Association buttons will be presented to lucky anglers, and routine business will be dealt with. Officials ask as many members as possible to attend.

SHOWS IMPROVEMENT

Victoria showed a great improvement in last week's game and today during the battle were out in front of the Point Grey students. In the final period the U.B.C. machine over in grand style of late. Last Saturday they toppled and blanked North Shore Lions, present Big Four League champions, 12-0, and the week previous took a hard-fought 13-8 decision from the same club. Playing in their first match of the season here, K. of C. took the leads for a 19-0 ride.

VICTORIANS WILL TRAVEL

Revelers to Journey to Vancouver Saturday to Meet K. of C. Squad

Thoroughly satisfied with the showing of his team against the strong Varsity grid machine last Saturday, despite the fact that they suffered a 23-10 setback, Coach George Deacon is busy drilling his proteges each evening at Macdonald Park for their next engagement on the Mainland against the formidable Knights of Columbus Club.

Victoria Revellers journey to the Mainland on Saturday to meet the second place K. of C. gridders, and will be out to halt their losing streak.

The Knights have been bowling them over in grand style of late. Last Saturday they toppled and blanked North Shore Lions, present Big Four League champions, 12-0, and the week previous took a hard-fought 13-8 decision from the same club. Playing in their first match of the season here, K. of C. took the leads for a 19-0 ride.

THUNDERBIRDS WIN FIRST OF WESTERN SERIES DECISIVELY

Point Grey Aggregation Score 16-0 Victory Over Prairie Team in Opener for Western Inter-collegiate Football Title—Second Match Will Be Held Saturday Afternoon

VANCOUVER, Oct. 25 (CP).—University of British Columbia Thunderbirds unleashed a powerful line and aerial attack to blast University of Saskatchewan Huskies, 16-0, in the first game of the Western Inter-collegiate football championship here today.

Thunderbirds, undefeated in British Columbia play this season, and Huskies meet in the second of the total point series Saturday.

The Coast collegians started their first touchdown drive in the first quarter after an exchange of punts between Saskatchewan's Danny Capraru and Johnny Pearson, of U.B.C., with Pearson gaining a slight edge.

With the ball on the Saskatchewan thirty-yard line, Andy Leng plunged through the Huskies' line for a first down on three plays. Tommy Williams added three yards, then flipped a pass that bounced off a Saskatchewan player and bounced into the outstretched hands of a U.B.C. player, Jim Harmer went over on the next two plays for a touchdown that he converted himself.

In the third quarter U.B.C. worked the ball to the Husky thirty-seven-yard strip, where Graham Finlay filled a twenty-yard pass to Fred Joplin, who ran the ball another ten yards before he was pulled down by Skip Hall.

Finlay blasted to the three-yard line and Milt Angus went over on the next play for a touchdown. Harmer missed the convert and the score stood at 11-0.

GOES OVER AGAIN
Final U.B.C. score came in the fourth quarter against the run of the play when Saskatchewan was launching a highly successful aerial attack. Capraru completed three complete passes to Jack Adelman and Ron Stafford to bring the ball down to the Thunderbird forty-two-yard line. Capraru attempted a

fourth pass to Stafford, but Lee Straight, U.B.C. secondary, intercepted and lateral to Andy Leng, who was finally forced out of bounds on the Saskatchewan fifteen-yard mark. Williams weaved to the third down, Angus flipped to the line and Tommy Williams completed the drive by flipping a pass to Fred Joplin on the Husky goal line. The convert was missed, ending the scoring for the day, with U.B.C. ahead 16-0.

The Huskies kept right on fighting in the last few minutes of the game and just missed marking up a major score. A pass from Capraru to Herb Plinder and a reverse by Macleod brought the ball to U.B.C. twenty-yard line. From there Danny Capraru whipped a pass to Herb Plinder just outside the Thunderbird goal line, but Plinder finding full length just failed to make the catch as the game ended.

JOINS DETROIT
DETROIT, Oct. 25 (CP).—Two members of the St. Boniface Seals' squad, which won the Dominion junior hockey title in 1937-38, will strengthen Detroit Pontiac in the Michigan-Ontario Amateur League this winter. Herb Burron will play centre and Speed Reay will flank him on left wing. Reay was with Calgary Stampede last season and Burron with Brandon Elks.

GOLFER JOINS FORCE
EDMONTON, Oct. 25 (CP).—Henry Martell, young Edmonton golfer, who was runner-up to Ken Black, of Vancouver, in the Canadian amateur tournament, has become a member of the Edmonton police force.

In addition to being an outstanding golfer, Martell is a ranking basketball player and a former Alberta junior tennis champion.

CRIME TEARS ON CAROL WELLS

CHAPTER XXVIII

Stone went over to the bed, and taking the head of the dead man in his hands, moved it a very little so that the back of the neck was fully exposed. Taking from his pocket a tiny flashlight, he examined the flesh just at the line of haircut. He discovered a tiny spot, an almost imperceptible indentation of the flesh. He showed it to Penn, saying "Have you instruments here?"

"Yes, I have. What is that?"

"The weapon that killed Harley Madison. What you see is the end of a very slender blade or dart, which was driven into the medulla oblongata, and produced cerebral hemorrhage. The natural indrawing tendency of the flesh has nearly drawn it in, out of sight. Can you get it with pincers or something?"

"I'll have a try at it."

Doctor Penn, by dint of some slight inclinations, managed to grasp the end of the dart with his pincers and drew it out.

"—as a great gift, seemingly about as big as a needle and thread, and was the color of nickel or silver. 'A diabolical weapon!' exclaimed the medical examiner. 'The stab from this dart had the effect of a stroke of apoplexy. I'll hand it to you, Stone, if you hadn't been here I should have missed it! And old Bascom never would have found it. I doubt if we'd noticed it at the post mortem.'"

"Oh, of course you would. Now there's the weapon, we must find the criminal!"

"Too easy. A film star comes here, gets herself engaged to the old man, has the family pearls given to her, or lent to her. She doesn't want the old man, but she does want the pearls, so she lights out for New York, and, naturally, takes the pearls with her, and I think Miss Madison has seen the last of the pearls and the star."

"I don't see it that way. From some hints I picked up, I think both of those young cousins are in love with the girl, and one of them might have been willing to put Uncle out of the way, in hope of getting the lady."

"That's up your alley. I don't envy you the job. Have you forgotten the hermetically sealed room?"

"There's always a way in. I've been up against many kinds of unenterable rooms, but I always found a way in."

"Think it was some member of the family, then?"

"Not yet. I'm leaning toward the Village Fathers. They seem more likely game than this aristocratic family."

"We'd better go down and tell them what we've found. Penn looked a little sheepish. 'What you found, I mean. But—'

"Oh, say you found it. It's no great honor to me."

"All right, and I ought to have found it anyway."

"Does it presuppose a criminal with a fund of medical knowledge?"

"Not quite that," Penn said; "but a knowledge of anatomy would be necessary."

"They went downstairs, and found the group as they had left them. As gently as possible, Penn told them of the discovery that had been made and the inevitable conclusion that Harley Madison had been killed while he slept."

A stunned silence followed the news, and then Craig went over and sat by his aunt. "Aunt Cora," he said, "this awful blow falls the hardest upon you. I want you to know that my life is dedicated to yours, and I shall watch over you as carefully as Uncle Harley did."

Cornelia clasped his hand, and said, in firm, clear tones: "This crime shall be avenged. Mr. Stone, will you take the case?"

When Assistant District Attorney Sutton arrived at Silver Hill, Wilkins showed him into a reception room.

"I would like to see Miss Madison, if convenient," Sutton said. "And also Doctor Penn, if he is still here."

Fenn came first, and welcomed his colleague.

"Widespread case," he said, in low tones. "And ramifications and minor mysteries—in fact, baffling."

Cornelia came then, and Penn introduced Sutton and the three sat down.

"We must waste no time," Sutton said. "Miss Madison, do you feel equal to the ordeal of my preliminary questioning, or would you prefer not to be present, and send one of both of your nephews?"

"No," Cornelia told him, "my personal feelings are not to be considered in the work we have before us. My grief and sorrow at my loss, only time can help; but I want, above all things, justice, and if you can find the murderer of my brother and bring him to justice, I shall feel that I have done my duty."

"I understand you have Mr. Stone with you. He will be a powerful assistant."

"To Be Continued."

FORMER NAZI BUREAU CHIEF IS RELEASED

LONDON, Oct. 25 (P)—The Daily Express tonight reported release from internment of Dr. Ernest Hanfstaengl, former head of the Nazi Party's foreign policy bureau and one-time confidant of Adolf Hitler.

Hanfstaengl, interned at the beginning of the war, was liberated following a favorable review of his case by a special court established for Germans resident in this country, the newspaper said.

WON'T BE LONG NOW

"I'm sixty years old," said a wealthy man to his friend, "and I want your advice. Do you think it would be better to tell a certain young lady, whom I would like to marry, that I am fifty?"

"Well," said his friend, "if you want me to be quite frank, I think your chances of getting her would be better if you told her you were seventy-five."

LIFE'S LIKE THAT - By Fred Neher

"There's no sugar, cream, butter or potatoes in the house... the cook's on a diet and doesn't want anything around to tempt her."

GIVES FIGURES OF UNEMPLOYED

Dominion Minister of Labor
Issues Statement Following Tabulation

OTTAWA, Oct. 25 (CP).—The total of persons on urban and agricultural relief in Canada in August this year was 800,000, according to preliminary figures from the national registration released yesterday by Hon. Norman MacLarty, Labor Minister.

Due to a change in relief policy on the part of the Government of Quebec, where works to relieve unemployment are being replaced by direct relief, Quebec showed an increase of 23 1-2 per cent in the total of material aid in August, compared with the previous month. This factor nearly offsets the drop from July to August in other provinces.

DOMINION TOTAL
The decrease in the Dominion total in August, compared with the July figure, was 1 per cent, while August, 1939, compared with August the year before showed an increase of 5 per cent.

Unemployed but fully employable persons on aid in August numbered 139,000, a decrease of 1 1/2 per cent from the revised July total of 140,500. The figure for August this year, although it showed an increase of 11.8 per cent over August a year ago was down by almost 3 per cent from August, 1937.

SLIGHT DECREASE
A total of 533,000 persons were receiving non-agricultural aid last August, a decrease of 0.3 per cent from the previous month.

The number of farmers and members of their families in receipt of agricultural aid continues to show a decline from a year ago. A total of 59,000 farmers who, together with their dependents, account for a farm population of 267,000, were reported as receiving agricultural aid for subsistence in August. Of these 224,500 were located in Saskatchewan.

Court of Appeal Victoria Sitings

Turner's Dairy et al. (R) vs. W. E. Williams, E. D. Barrow, Acton Kilby and the Lower Mainland Dairy Products Board et al. (A) — The Dairy Products Board was using a dummy agency to inflict indirect taxes on Lower Mainland dairy companies, stated Senator Farris in his argument on behalf of the dairy companies in the Court of Appeal yesterday.

Certain dairies in the lower Fraser Valley are attacking orders made by the Dairy Products Board as ultra vires, and seek to restrain the board and its officers, Messrs. Williams, Barrow and Kilby, from enforcing those orders. As a preliminary to trial on the issues, the dairy companies examined W. E. Williams, K.C., chairman of the board, and sought to elicit from him information dealing with the policy and motives of the members of the board in making the orders. Mr. Williams refused to answer the questions, claiming privilege as an officer or servant of the Crown. Mr. Justice McDonald, in Supreme Court Chambers, ruled he must answer the questions. This appeal by Mr. Williams is from that ruling.

At the Theatres

WAR-TORN CHINA IS FILM LOCALE

"North of Shanghai" Will Open At the Plaza Today With Prominent Cast

Revolving around the cyclonic experience of two American lovers trapped in war-torn China, "North of Shanghai," a Columbia production featuring James Craig and Betty Furness, opens today at the Plaza Theatre. Timely and sensational, and pitting the two against a deadly spy ring, the film was directed by D. Ross Lederman. It has a large supporting cast headed by Keye Luke, Dorothy Gulliver, Dick Curtis, Honorable Wu, Cy Kendall and Richard Leo Maurice Rapt and Harold Buchman wrote the screen play.

"TROUBLE IN SUNDOWN" STARS GEORGE O'BRIEN

"Trouble in Sundown," opening today at the Columbia Theatre, has a novel twist in that the story has a strong element of mystery not often found in "Westerns." The film reveals the efforts of a determined rancher, played by George O'Brien, to solve a bank robbery after his sweetheart's father, a banker, has been unjustly blamed for the crime. How O'Brien uncovers the unique device employed by the bank robbers to crack the bank's safe, and how he clears the name of the old banker, provide the basis of the thrilling action story.

PRIZE-FIGHT STORY AT OAK BAY TODAY

"Invitation to Happiness," the Irene Dunne-Fred MacMurray starring film which will open today at the Oak Bay Theatre, is the dramatic conflict between a prize-fighter and his wife who are both deeply in love with each other. The

Senator Farris said the real issue was whether or not the orders were ultra vires. In such cases, even if the orders were to be considered part of the Natural Products Marketing Act, the court, in trying to arrive at the constitutional validity of the provincial statute, was entitled to look outside the express words of the statute for evidence that might reveal what was the purpose, intent and effect of the statute.

The questions in the present case, Senator Farris said, were directed to show that by the orders Mr. Williams and his associates were attempting to impose indirect taxes on the dairy companies. They were attempting indirectly to equalize returns to all farmers producing milk for sale in the Lower Mainland area. To achieve their purpose they had established a dummy agency, the Milk Clearing House, Ltd., which purchased all the milk produced in that area. This agency had not set the price or quantity of milk to be bought, nor the resale price from itself to the dairies. All these matters were fixed by the board itself. Furthermore, the evidence would show that the agency never had physical possession of any milk or milk products, and in fact had no facilities for handling such commodities.

Counsel submitted that the Dairy Products Board was an administrative tribunal which had exceeded the powers awarded to it under the Marketing Act. The board could, therefore, be attacked by court action, and in doing so its officers could be examined in the same manner as Dr. W. A. Carrothers had been examined as chairman of the Coal and Petroleum Board in the gasoline price fixing case. The appeal is continuing.

J. W. deB. Farris, K.C., for plaintiffs; C. H. Locke, K.C., for defendants.

AVIATION COUNCIL WILL MEET TODAY

The annual meeting of the British Columbia Aviation Council will be held in the City Hall this morning at 10 o'clock, under the chairmanship of Alderman Halford J. Wilson, of Vancouver.

The meeting will be held in conjunction with the Union of British Columbia Municipalities convention. The council membership consists of representatives of municipalities and boards of trade in this province. Questions of establishing air training bases in British Columbia and securing orders for war industries, with particular reference to aviation, will come up for discussion.
